Part A. Instructions to Proposers

1.0 Introduction and Purpose of Solicitation

1.1 Authority, System and Project Overview

1.1.1 Authority

The California High-Speed Rail Authority (Authority) is responsible for the planning, design, construction and operation of the first high-speed Rail Program in the nation. The Authority awarded a contract for design and construction of Construction Package 1, the first 30 miles of the First Construction Segment (FCS) of the California High-Speed Rail Program (Program), in June 2013. The Authority Board approved awarding a contract for design and construction of Construction Package 2-3, the next 60 miles of the FCS in January 2015. The Authority is presently seeking competitive proposals to provide design-build services (Proposals) for Construction Package 4 of the FCS (Project). This procurement is conducted in accordance with the Authority's contracting power described in Section 185036(a) of the California Public Utilities Code.

1.1.2 Program

The Program will connect the mega-regions of the State, contribute to economic development and a cleaner environment, create jobs and preserve agricultural and protected lands. By 2029, the high-speed rail will run from San Francisco to the Los Angeles basin in under three hours at speeds of over 200 miles per hour. The Program will eventually extend to Sacramento and San Diego, totaling 800 miles with up to 24 stations. In addition, the Authority is working with regional partners to implement a statewide rail modernization plan that will invest billions of dollars in local and regional rail lines to meet the State's 21st century transportation needs. The initial operating segment (IOS) will run through the Central Valley, and includes the FCS. Completion of the Project represents the next step toward delivery of the Program.

1.1.3 Project

The Project is located within the counties of Tulare and Kern, and the cities of Shafter and Wasco. It is bounded by a point approximately one mile north of the Tulare-Kern County Line to the north and Poplar Avenue to the south.

The Project alignment will extend approximately 22 miles in length. Major work elements include construction of at-grade, retained fill, and aerial track sections. The Contractor will be responsible for all work required to design and construct the Project.

Refer to the Scope of Work in Book I, Part C for a more detailed description of the Project, including other major elements of the Work.

1.2 Project Cost and Funding

The estimated Project cost is between \$400 and \$500 million. The Authority intends to finance the Project with State and federal funding, provided by the Federal Railroad Administration

(FRA) and funding made available through the American Recovery and Reinvestment Act of 2009 (ARRA).

The Authority is subject to FRA oversight as a recipient of federal transportation grants. The Authority will submit quarterly budget and schedule reports to FRA, will coordinate with the FRA through regularly scheduled monthly meetings, and will otherwise work closely with FRA in order to meet FRA requirements.

Only if sufficient funds are made available to the Authority by the U.S. Government or the California State Legislature for the purpose of this program is a contract valid and enforceable. Prior to execution or commencement of any contract resulting from this RFP, if sufficient funds are not made available for the current year and/or any subsequent years covered under a contract resulting from this RFP, then that contract shall be of no further force and effect. In addition, a contract is subject to any additional restrictions, limitations, conditions, or any statute enacted by the Congress or the State Legislature that may affect the provisions, terms, or funding of this contract in any manner.

After execution or commencement of this contract, if Congress or the State Legislature does not appropriate sufficient funds for the program, the Authority shall have the option to either: 1) cancel the contract with no further liability occurring to the Authority; or 2) amend the contract and reduce the scope of work to reflect any reduction in funds.

1.3 Construction Package 4 Request for Proposals

This Request for Proposals (RFP) is the second phase of a two-phase best value procurement process. Proposals are only invited from, and will only be considered from, Shortlisted Offerors (Proposers) based on their Statements of Qualifications (SOQs) submitted in response to the Request for Qualifications (RFQ) issued by the Authority on November 20, 2014.

The purpose of this RFP is for the Authority to seek competitive proposals to provide design-build services for the Project. By submitting a Proposal, Proposers agree to be bound by and meet all of the requirements specified in this RFP. Failure to do so may result in rejection of the Proposal and elimination of the Proposer from the procurement.

The RFP Documents are organized as follows:

- a. Instructions to Proposers
- b. Book I – Contract Requirements
- c. Book II – Third Party Agreements
- d. Book III – Design Criteria and Directive Drawings
- e. Book IV – Supplemental Contract Requirements
- f. Reference Materials

The ITP and Reference Materials are not Contract Documents and will not form a part of the Contract. The ITP provides instructions to be followed by Proposers in their response to this

RFP No. HSR 14-32. The Reference Materials are included in the RFP for the purpose of providing information to Proposers that is in the Authority's possession. The Authority has not determined whether the Reference Materials are accurate, complete or pertinent, or of any value to the Proposers. The Authority makes no representation, warranty or guarantee as to the accuracy, completeness, pertinence or fitness of the Reference Materials. The Authority takes no responsibility for the Reference Materials and shall not be responsible for any conclusions drawn therefrom, except to the extent the Contract Documents expressly allow the Contractor to rely on such documents.

2.0 Definitions

The following terms used in this ITP shall have the meanings set forth below. Refer to the "Acronyms and Definitions" clause (Section 1.0) of the General Provisions for the meaning of capitalized terms and acronyms used but not defined herein.

Alternative Technical Concept (ATC) – The meaning set forth in Section 6.15 of this ITP.

Apparent Best Value Proposer – The Proposer who submits the Proposal that receives the highest Total Proposal Score.

Equity Member – is defined as one or all of the following:

- a. If the Proposer is a corporation or other entity that is not newly formed, the Proposer;
- b. If the Proposer is a joint venture, partnership, or limited liability company, any joint venture, general partner, or member thereof; or
- c. If the Proposer is or will be a newly formed limited liability entity, an equity owner of the Proposer.

Financial Statements – consist of balance sheet, income statement, and statement of changes in cash flow and footnotes.

Guarantor – Any Person that is the obligor under any guaranty in favor of the Authority required under the Contract.

Key Personnel – Those individuals identified in the Proposal to fill the positions specified in the Contract and Form C, Key Personnel Matrix.

Lead Contractor – The member of the Proposer Team, whether a single entity or joint venture, that is primarily responsible for the construction of the Project.

Lead Designer – The member of the Proposer Team that is primarily responsible for the engineering and design Work.

Material Change – Any material changes in financial condition, corporate form, market capitalization, or potential liabilities that may affect an entity's ability to complete the Project for any entity for which financial statements are provided in the Proposal. Set forth below is a representative list of events intended to provide examples of what the Authority considers a

material change in financial condition, corporate form, market capitalization, or potential liabilities. This list is intended to be indicative only:

- a. An event of default or bankruptcy involving the affected entity, a related business unit within the same corporation, or the parent corporation of the affected entity;
- b. A change in tangible net worth of 10 percent of shareholder equity;
- c. A sale, merger or acquisition exceeding 10 percent of the value of shareholder equity prior to the sale, merger or acquisition which in any way involves the affected entity, a related business unit, or parent corporation of the affected entity;
- d. A change in credit rating for the affected entity, a related business unit, or parent corporation of the affected entity;
- e. Inability to meet conditions of loan or debt covenants by the affected entity, a related business unit or parent corporation of the affected entity which has required or will require a waiver or modification of agreed financial ratios, coverage factors or other loan stipulations, or additional credit support from shareholders or other third parties;
- f. In the current and the three most recently completed fiscal years, the affected entity, a related business unit in the same corporation, or the parent corporation of the affected entity either:
 - i. Incurs a net operating loss;
 - ii. Sustains charges exceeding five percent of the then shareholder equity due to claims, changes in accounting, write-offs or business restructuring; or
 - iii. Implements a restructuring/reduction in labor force exceeding 200 positions or involve the disposition of assets exceeding 10 percent of the then shareholder equity;
- g. Other events known to the affected entity, a related business unit or parent corporation of the affected entity which represents a material change in financial condition over the past three years or may be pending for the next reporting period;

Offeror – A Person that submitted an SOQ in response to the RFQ.

Official Representative – The individual identified in Form B who has the authority to bind the respective entity for the purposes of executing any required forms or certifications included in the Proposal.

Open Government Laws – Collectively, the California Public Records Act (Gov. Code Section 6250 et seq.), the Bagley-Keene Open Meeting Act (Gov. Code Section 11120 et seq.), and the Freedom of Information Act (5 U.S.C. Section 552, as amended by Public Law No. 104-231, 110 Stat. 3048) and other applicable federal open record laws.

Project Website – The official website of the California High-Speed Rail Authority.

Proposal Price – The fixed bid price submitted by the Proposer in Form H.

Proposer – The Shortlisted Offeror submitting a Proposal in response to this RFP.

Proposer Team – Collectively, the Proposer, Equity Members, Lead Contractor, Lead Designer, and Subcontractors, including their respective employees, agents, and officers.

Request for Qualifications (RFQ) – The Request for Qualifications, including all addenda thereto, issued by the Authority for the Project on November 20, 2014

Request for Proposals (RFP) – This written solicitation, issued by the Authority on May 27, 2015 to all Shortlisted Offerors for submission of detailed proposals to undertake the Project.

RFP Documents – These Instructions, Forms and Certifications and those documents included in Books I-IV and Reference Materials of the RFP.

Shortlisted Offerors – Offerors invited by the Authority, based on the Authority's evaluation of each Offeror's SOQ, to submit Proposals in response to this RFP.

Statement of Qualifications (SOQ) – The document submitted by an Offeror in response to the RFQ issued on November 20, 2014.

Surety – A properly licensed surety company, insurance company, or other Person approved by the Authority, which has issued a Proposal Bond and/or will issue a Performance Bond and Payment Bond. To be considered a Surety for purposes of this ITP the surety company, insurance company, or other Person approved by the Authority shall:

- a. Be registered with the California State Insurance Commissioner;
- b. Appear on the current Authorized Insurance List in the State of California published by the Office of the Insurance Commissioner; and
- c. Possess an A.M. Best and Company Rating Service classification of "A-IX" or better, or as otherwise approved by the Authority in its sole discretion.

Total Proposal Price – The sum of the fixed bid price and total variable price submitted by the Proposer in Form H and used to evaluate the Price Proposal.

3.0 Procurement and Project Schedules

Table 1 summarizes the schedule of events in this RFP phase of the two-step procurement process (the "RFP Schedule"). The RFP Schedule is subject to modification at the sole discretion of the Authority. Proposers will be notified of any change in the RFP Schedule by an addendum to this RFP. Unless otherwise indicated, all deadlines are 3:00 p.m. Pacific Time.

Proposers are required to attend the Industry Forum and are asked to pre-register in accordance with correspondence received from the Authority Point of Contact. This will help facilitate the registration process at the time of the event. Pre-registration is not mandatory and will not preclude participation if not received.

4.0 Project Status

The status of significant Project activities is detailed in the following subsections.

4.1 Environmental Analysis

The Project is included in the project scope addressed in the Fresno to Bakersfield HSR Project Environmental Impact Report/Environmental Impact Statement (EIR/EIS). The Authority Board certified the Final EIR/EIS on May 7, 2014 and filed a Notice of Determination (NOD) with the State Clearinghouse on May 8, 2014. FRA issued the Record of Decision (ROD) on June 27, 2014.

Proposers may access the Final EIR/EIS at:

http://www.hsr.ca.gov/Programs/Environmental_Planning/final_fresno_bakersfield.html

By issuing this RFP, and by entering into any resulting contract, that mentions or refers to CEQA, EIR and state environmental permitting laws/agencies and initially authorizes related work, the Authority does not (a) waive the Authority's rights regarding the application of the ICCTA, including the defense that ICCTA preempts CEQA's application to the Project, or (b) create an implied agreement that CEQA and/or such environmental permitting requirements apply to the Project.

4.2 Governmental Approvals

The Authority has obtained or will obtain the Authority-Provided Governmental Approvals as identified in the "Governmental Approvals" clause (Section 6.1) of the Special Provisions. The Contractor will be responsible for obtaining all other Governmental Approvals and will be responsible for obtaining any other Supplemental or Amended Governmental Approvals required by any Variation, including amendments or supplements to Authority-Provided Governmental Approvals.

Additional conditions or mitigation measures may be required by law as a result of the issuance or amendment of Governmental Approvals. It is also possible that Supplemental or Amended Governmental Approvals may be required by Law for the Project, which may impose additional conditions or required mitigation, avoidance and minimization measures not previously identified. The selected Contractor will be required to comply with and implement all Governmental Approvals and Supplemental or Amended Governmental Approvals.

4.3 Geotechnical Information

A Geotechnical Baseline Report for Bid (GBR-B) includes existing available geotechnical data and limited geotechnical investigations.

4.4 Hazardous Materials

Preliminary hazardous materials/waste information is available in the environmental documents on the Authority's website:

http://www.hsr.ca.gov/Programs/Environmental_Planning/final_fresno_bakersfield.html

4.5 Right-of-Way

The Authority intends to provide the Contractor with sufficient ROW to contain the limits of construction in support of the alignment and scope of work for this solicitation, as developed in the Preliminary Engineering Documents. Unless otherwise stated in the Contract, the Work must be designed and constructed within the ROW limits indicated in these drawings. Details regarding ROW access and ROW footprint are included in the ROW Acquisition Plan.

4.6 Utility Relocation

The Authority has commenced discussions with Utility Owners regarding Cooperative Agreements for the Project. Executed Cooperative Agreements are located in Book II. Draft Cooperative Agreements for those entities with who the Authority is currently in negotiation will be issued in an addendum to this RFP. Existing Composite Utility Plans are located in the Reference Material.

The Contractor will be responsible for performing all Work with respect to existing Third Party Facilities (including Relocation), that is necessary to accommodate or permit construction, operation, maintenance or use of the Project. Based on the Preliminary Design, agreements are anticipated with the following identified Third Parties: Southern California Edison, Century Link, Southern California Gas Company, County of Tulare Cooperative Agreement, AT&T, PG&E, City of Wasco, Bright House Networks, Inc., Semitropic Water Storage District, North Kern Water Storage District, Shafter-Wasco Irrigation District, Deer Creek Storm Water District.

4.7 Railroads

The Authority is coordinating with railroads that may be impacted by the Project. Draft Railroad Agreement Terms are included in Book II.

4.8 Design Information

The Basis of Design Policy provides a definition of the major components and performance objectives of the Program.

The Design Criteria and Directive Drawings are included in Book III. The CADD Manual and Plans Preparation Manual are included in Book IV.

The Standard Drawings and Standard Specifications are located in the Reference Materials.

5.0 Federal Requirements

Since this Project will receive federal funding, including ARRA funds, the RFP and any design-build contract awarded by the Authority shall be subject to the requirements of applicable

federal law, federal regulations and conditions in the Grant/Cooperative Agreements. The Authority reserves the right to modify the RFP, including the Contract Documents, to address any concerns, conditions or requirements of the funding agencies, including FRA. The full Grant/Cooperative Agreements, including additional requirements are available for review on the Authority's website at:

http://www.hsr.ca.gov/About/Funding_Finance/funding_agreements.html

Proposers are also advised that Buy America requirements will apply to the Project, as set forth in 49 U.S.C. § 24405(a). Proposers will be required to sign and submit Cert. 8, Buy America Certifications, as provided in Part B of this ITP. FRA's High Speed Intercity Passenger Rail Project is intended, in part, to bolster American passenger rail expertise and resources, and the Buy America requirements reinforce this goal and aid in encouraging a domestic market in the rail sector. For this reason, Proposers should not assume that any waivers will be granted.

6.0 Procurement Procedures

6.1 General

The Authority will accept Proposals for the Project only from the Proposers. The Authority will not review or consider alternative proposals. The Proposer shall submit all requested information specified in this ITP. Proposals must set forth full, accurate, and complete information as required by this ITP.

The Authority will award the Contract (if at all) to the responsive and responsible Proposer whose Proposal meets the high standards set by the Authority and which is determined by the Authority, through evaluation based upon the criteria set forth in this ITP, to provide the best value to the Authority and to be in the best interest of the State of California.

The verbiage used in each Proposal will be interpreted and evaluated based on the level of commitment provided by Proposer. Tentative commitments will be given no consideration. For example, phrases such as "we may" or "we are considering" will be given no consideration in the evaluation process since they do not indicate a firm commitment.

All correspondence regarding the RFP, ATCs and Proposal are to be in the English language. If any original documents required for the Proposal are in any other language, Proposer shall provide a certified English translation, which shall take precedence in the event of conflict with the original language.

6.2 Designated RFQ/Proposal Manager

Each Proposer has designated one individual as its RFQ/Proposal Manager who is responsible for all communications during the RFQ and RFP process. The Proposer's RFQ/Proposal Manager and the Authority Point of Contact shall be the single points of contact for questions, inquiries, clarifications, and correspondence during the RFP process. Any substitution of the Proposer's RFQ/Proposal Manager for the RFP process shall be made in writing and is subject to approval by the Authority Point of Contact. If at any time during the procurement process the

Proposer should need to substitute another person as its RFQ/Proposal Manager, Proposer will immediately notify the Authority of the substitution in writing as provided in this document.

6.3 Authority Point of Contact

California High-Speed Rail Authority

Program Management
Attention: Rebecca Harnagel, P.E.
770 L Street, Suite 620 MS2
Sacramento, CA 95814
Phone: (916) 324-1541
Email: CP4@hsr.ca.gov

6.4 Distribution of RFP and Addenda

The RFP and any subsequent addenda will be made available to Proposers via the Project Website:

http://www.hsr.ca.gov/Programs/Construction/design_build_construction_contracts.html

Additionally, Proposers will receive the RFP and all addenda on DVD. The DVDs shall be for reference only and do not constitute the official RFP documents, which will be made available as described above.

The Authority reserves the right to revise this RFP at any time before the Proposal Deadline. Such revisions, if any, will be announced by addenda to this RFP. The Authority will post all addenda on the Project Website and will send an email notification as soon as each addendum is issued. Notwithstanding anything herein to the contrary, the addenda documents provided on DVDs are provided for reference only and shall not become part of the Contract.

Proposers shall be solely responsible for monitoring the Project Website and for examining, with appropriate care and diligence, the RFP, any addenda issued, and material posted on the Project Website. Any failure of Proposer to so examine and inform itself shall be at Proposer's sole risk, and no relief for error or omission will be provided by the Authority.

6.5 Requests for Information and Clarifications

6.5.1 Proposer Requests

Except as otherwise provided by the Authority, questions and requests for clarification regarding this RFP must be submitted via the Authority's web interface, SharePoint:

<https://chsra.pbid.com/pmt/Procurement/RFIs/SitePages/BiddersPage.aspx>

Each Proposer will receive correspondence from the following email address with a username/password and instructions for logging into SharePoint when the RFP is released:

chsra@support.pbid.com

Any technical questions regarding logging in or using SharePoint during the RFI process should be directed to the above email address and not the Authority Point of Contact. For each request, all fields of the electronic form must be completed, including identification of the document (e.g., Book II, Part B, etc.) and, as applicable, the identification of the relevant section and page number (e.g., Section 1.2, page 2). All questions and requests must be received no later than the date and time specified in Table 1 of Section 3.0. Questions and requests for clarification regarding this RFP shall not identify the Proposer's identity in the body of the question or contain proprietary or confidential information.

Proposers will be limited to 50 comments/questions per the released RFP, and per each addendum released modifying the RFP. The number of comments/questions is not cumulative. In other words, if Proposer asks only 25 questions following the initial release, it will not be allowed to ask 75 questions following the release of an addendum.

Only one question or request per electronic form is allowed. If a question has more than one subpart, each subpart will be considered a separate question. Corrections of typographical errors, incorrect cross references or inconsistencies within or among the RFP documents will be excluded from the question limitation.

6.5.2 Authority Responses

The Authority will use the following guidelines when responding to questions and requests for clarification:

- a. Questions and requests for clarification from all Proposers will be reviewed by the Authority's procurement team.
- b. The Authority will send an email notification as soon as each response to questions and requests for clarification is available.

6.6 Rules of Contact

The rules of contact for this procurement are designed to promote a fair, unbiased and legally defensible procurement process. "Contact" includes any face-to-face, telephone, email or other written communication.

These rules of contact shall apply for the duration of the Project's procurement process, which began on the date the Authority issued the RFQ and ends when the Contract is awarded and the protest period has lapsed.

Proposer, Equity Members, and other members of a Proposer Team may not communicate with another Proposer or members of any other Proposer Team about the Project, the RFP or the Proposals. However, a Proposer, Equity Members, and other members of a Proposer Team may communicate with a Subcontractor that is on more than one Proposer Team if the two Proposers establish a protocol to ensure that the Subcontractor will not act as a conduit of information between the two Proposers.

Contact between any Proposer or other member of a Proposer Team and the Authority shall only be made through the Authority Point of Contact identified herein and the Proposer's RFQ/Proposal Manager, except for communications expressly permitted by this RFP.

The Authority will not be bound by any oral exchange, nor will the Authority be bound by any other information exchange that occurs outside of the official Project-related communications specified herein.

Except for communications expressly permitted by this RFP or approved in advance by the Authority's Chief Counsel, in his or her sole discretion, no employee, member, or agent of any Proposer Team shall directly or indirectly contact any officer, administrator, employee, member, consultant or other agent of the Authority, California State Transportation Agency (CalSTA), California Department of Transportation (Caltrans), California Department of General Services (DGS), FRA or any of the firms identified in

Table 2 of this ITP as being subject to Proposer ex parte communications regarding the Project, the RFP, the Proposals or any other aspect of this procurement. Proposers shall not contact any person serving on an advisory or selection committee regarding the RFP, Proposals or Project.

The Authority may call special meetings (group meetings or one-on-one meetings) with Proposers as it deems necessary. The Authority may establish separate protocols for special meetings which will allow Proposers to communicate with Authority staff or consultants other than the Authority Point of Contact during one-on-one meetings and with other Proposers during any group meetings.

Unless otherwise provided for, all official Project-related communications will be either disseminated by the Authority Point of Contact in writing or posted on the Authority's Project Website.

The Authority may disqualify any Proposer or any member of a Proposer Team that engages in any contact that the Authority in its sole discretion determines is not in compliance with this Section 6.6.

To the extent any Proposer intends at any time to initiate contact with the general public regarding the Project, the nature of such intended contact and the substance thereof must be approved in writing by the Authority prior to the commencement of such activities.

Contact by Proposers with third party stakeholders during the RFP process is subject to the following parameters:

- a. Contact by Proposers with third parties such as municipalities or other agencies is allowed for the purposes of obtaining information on permit fees, permitting processes and schedules, or related or similar standard information.
- b. Contact with utilities is allowed for the purpose of obtaining cost and schedule information.

The Authority does not warrant the accuracy of any information obtained from third parties and cautions the Proposers that reliance on any information received from third parties is at Proposer's risk.

6.7 Pre-Proposal Meetings

6.7.1 Mandatory Meetings

Mandatory meetings are listed as follows and will occur as indicated in Table 1:

- a. U.S. Department of Labor Equal Employment Opportunity and Affirmative Action Seminar
- b. Authority Small Business Program Seminar
- c. Other meetings as necessary

The Authority shall notify all Proposers in writing of specific dates for the aforementioned meetings. Failure to attend a mandatory meeting may result in disqualification of the Proposer.

6.7.2 One-on-One Meetings

The Authority shall conduct one-on-one meetings with each Proposer on dates designated by the Authority in writing to the Proposers, to discuss issues and clarifications regarding the RFP and Proposer's ATCs. The Authority reserves the right to disclose to all Proposers any issues raised during the one-on-one meetings, except to the extent that the Authority determines, in its sole discretion, such disclosure would impair the confidentiality of an ATC or would reveal a Proposer's confidential business strategies. Participation by the Proposers at such meetings shall be mandatory. The meetings are intended to provide Proposers with a better understanding of the RFP.

The one-on-one meetings are subject to the following:

- a. The Authority will not discuss with any Proposer any Proposal or ATC other than its own.
- b. Proposers shall not seek to obtain commitments from the Authority in the meetings or otherwise seek to obtain an unfair competitive advantage over any other Proposer.
- c. No aspect of these meetings is intended to provide any Proposer with access to information that is not similarly available to other Proposers, and no part of the evaluation of Proposals will be based on the conduct or discussions that occur during these meetings.
- d. Persons attending the one-on-one meetings will be required to sign an acknowledgment of the foregoing rules and to identify all participants from Proposer.

6.7.3 Questions and Responses During One-on-One Meetings

During one-on-one meetings, Proposers may ask questions and the Authority may provide responses. However, any responses provided by the Authority during one-on-one meetings may not be relied upon unless questions were submitted in writing and the Authority has provided written responses in accordance with Section 6.5. The questions and the Authority's responses will be provided in writing to all Proposers, except to the extent such questions are deemed by the Authority to contain confidential or proprietary information relating to a particular Proposer's Proposal or ATCs.

6.7.4 Statements at Meetings

Nothing stated at any pre-proposal meeting or included in a written record or summary of a meeting will modify the ITP or any other part of the RFP unless it is incorporated in an addendum issued pursuant to Section 6.4.

6.8 Confidentiality and Ownership of Proposer Work Product

All written correspondence, exhibits, photographs, reports, printed material, tapes, electronic disks and other graphic and visual aids submitted to the Authority during this procurement process, including as part of a response to this RFP are, upon their receipt by the Authority, the property of the Authority and are subject to the Open Government Laws. Except as otherwise specifically provided herein, with respect to Escrowed Proposal Documents and Price Proposals, none of the aforementioned materials will be returned to the Proposers. Any materials that are delivered to FRA are subject to the Freedom of Information Act (FOIA) or

other federal open records laws. Proposers should familiarize themselves with the Open Government Laws, including the Public Records Act and FOIA. In no event shall the State, the Authority, FRA or any of their agents, representatives, consultants, directors, officers or employees be liable to a Proposer or Proposer Team member for the disclosure of all or a portion of a Proposal submitted in response to this RFP or other information provided in connection with this procurement.

If a Proposer has special concerns about information that it desires to make available to the Authority, but which it believes constitutes a trade secret, proprietary information, or other information excluded from disclosure, such Proposer should specifically and conspicuously designate that information as "TRADE SECRET" or "CONFIDENTIAL" in its filed response to this RFP. Blanket, all-inclusive identifications by designation of whole pages or sections as containing proprietary information, trade secrets or confidential commercial or financial information shall not be permitted and shall be deemed invalid. The specific proprietary information, trade secrets or confidential commercial and financial information must be clearly identified as such. Under no circumstances, however, will the Authority be responsible or liable to the Proposer or any other party for the disclosure of any such labeled materials, whether the disclosure is deemed required by law, by an order of court, or occurs through inadvertence, mistake or negligence on the part of the Authority or its officers, employees, contractors or consultants.

The Authority will not advise a Proposer as to the nature or content of documents entitled to protection from disclosure under the Public Records Act, FOIA, U.S. Department of Transportation (USDOT) FOIA regulations (49 C.F.R. § 7.17) or other applicable laws and implementing regulations, as to the interpretation of the Public Records Act or FOIA or as to the definition of trade secret. The Proposer shall be solely responsible for all determinations made by it under applicable laws, and for clearly and prominently marking each and every page or sheet of materials with "TRADE SECRET" or "CONFIDENTIAL" as it determines to be appropriate. Each Proposer is advised to contact its own legal counsel concerning the Public Records Act, FOIA and other applicable laws, and their application to the Proposer's own circumstances.

In the event of litigation concerning the disclosure of any material submitted by the Proposer, the Authority's sole involvement will be as a stakeholder retaining the material until otherwise ordered by a court; and the Proposer shall be responsible for otherwise prosecuting or defending any action concerning the materials at its sole expense and risk. The Proposer shall reimburse the Authority for any expenses it incurs in connection with any such litigation.

6.9 Liability, Insurance, and Performance Security

The Contract will require the Contractor to assume liabilities, to provide performance and payment bonds and insurance coverage, and to indemnify and defend the Authority against third-party claims as specified in the Contract. The Authority will have the benefit of tort liability limitations to the extent provided by State law. Neither the State nor the Authority intends to waive their respective sovereign immunity protections under State law. Specific provisions concerning performance and payment bonds, guarantees, insurance and indemnity can be

found in the “Bonding and Guaranty” clause (Section 12) and the “Indemnity” clause (Section 28) of the General Provisions and the “Insurance” clause (Section 7.0) of the Special Provisions.

6.10 Small Business Program/On-the-Job Training, Equal Employment Opportunity, and Nondiscrimination

6.10.1 Small Business Program

Pursuant to the Authority’s Small Business Policy established in accordance with Title VI of the Civil Rights Act of 1964 and related statutes, Executive Order S-02-06 and Best Practices of 49 C.F.R. Part 26 “Participation by Disadvantaged Business Enterprises the Department of Transportation Financial Assistance Programs,” Small Businesses, including Disadvantaged Business Enterprises (DBEs), Disabled Veterans Business Enterprises (DVBEs) and Microbusinesses (MBs) (collectively, “Small Businesses” or “SBs”) are to be provided fair and equitable access and the maximum practicable opportunities to participate in all phases of the Authority’s contracting process.

The Authority is committed to implementing a Small and Disadvantaged Business Enterprise Program consistent with the objectives set forth under Title VI, Best Practices of 49 C.F.R. Part 26 and Executive Order S-02-06.

For this Project, the Authority has established an overall project Small Business utilization goal of 30 percent, inclusive of a 10 percent DBE goal and a three percent DVBE goal on federally assisted contracts, as specified in the Authority’s Small and Disadvantaged Business Enterprise Program Plan.

The Proposal shall include the Proposer’s Overall Project Small Business Goal Commitment Affidavit (Cert. 12), confirming the Proposer’s commitment to meet or exceed the overall project Small Business goal of 30 percent. The Proposer is advised to review the Authority’s Small and Disadvantaged Business Enterprise Program Plan for further guidance.

The Contractor shall establish and implement a Small Business Performance Plan to address how the Contractor will meet the overall SB goal throughout the duration of the Contract. Contractor’s SB Performance Plan shall be subject to concurrence by the Authority. Commitments in the Proposal related to the proposed SB Performance Plan will become part of Contractor’s SB Performance Plan.

The Authority is not a SB/DVBE/DBE certifying agency. The Authority recognizes the SB certifications from the California Unified Certification Program, California DGS and the Small Business Administration 8(a) program.

More detailed information regarding the Authority’s Small and Disadvantaged Business Enterprise Program is located in General Provisions, Section 47 (Book I, Part B.2).

6.10.2 Federal On-the-Job Training Participation Goal

This Project is subject to Federal On-the-Job (OJT) Training Participation provisions as set forth in 41 C.F.R. Part 60 §§ 1 through 999 and Presidential Exec. Order No. 11246. The selected

Contractor shall be prepared to submit its OJT Plan to the U.S. Department of Labor – Office of Federal Contract Compliance Programs – San Jose office for approval.

6.10.3 Labor Compliance

The Proposers are advised that the Contractor must comply with all applicable California Labor Code sections, together with all applicable regulations, the applicable Department of Fair Employment and Housing regulations, and applicable Proposer Nondiscrimination and Compliance regulations.

This Project is also subject to U.S. Department of Labor, Contract Compliance Provisions as set forth in 41 C.F.R. Part 60 and Davis Bacon Act, unless otherwise noted. The selected Contractor shall comply with the Contract Compliance provisions set forth in the Technical Assistance Guide for Federal Construction Contractors and for a Mega Project.

The Contractor must also comply with Davis Bacon Act and all other applicable federal labor requirements, including those set forth in the “Federal Requirements” clause (Section 46) of the General Provisions. Copies of the prevailing rate of per diem wages are on file at the Authority's offices, and they will be made available to any interested party on request.

6.10.4 Community Benefits Agreement

The Authority has entered into a Community Benefits Agreement (CBA) and established a National Targeted Hiring Initiative (NTHI) Plan applicable to this Project and consistent with the Community Benefits Policy adopted by the Authority's Board at its December 6, 2012 meeting. The Contractor will be required to comply with the Authority's CBA including the specified NTHI Plan. The CBA (Book II, Part A) and NTHI Plan are available for review on the Authority's website at:

http://www.hsr.ca.gov/Programs/Construction/community_benefits_agreement.html

6.10.5 Equal Employment Opportunity and Nondiscrimination

The Proposer will be required to follow State and federal Equal Employment Opportunity and Nondiscrimination laws and regulations.

The Proposer shall not discriminate against any employee or applicant for employment, or harass or allow harassment of any employee because of race, religion, color, ethnicity, gender, disability, sex, age or national origin. The Proposer shall ensure that applicants are employed, and that employees are treated during their employment, without regard to their race, religion, color, ethnicity, gender, disability, sex, age or national origin. Such actions shall include, but are not limited to employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

The Proposer is also advised that the Contractor must comply with Section 1735 of the California Labor Code, which reads as follows:

A contractor shall not discriminate in the employment of persons upon public works on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as otherwise provided in Section 12940 of the Government Code. Every contractor for public works who violates this section is subject to all the penalties imposed for a violation of this chapter.

Federal nondiscrimination requirements are included in the “Federal Requirements” clause (Section 46) of the General Provisions.

6.11 Payment for Work Product

The Authority will make a payment for proven costs of work product, up to \$2.0 million, to each Proposer who delivers an executed Proposal Agreement in the form provided as Form J and either of the following occurs:

- a. Proposer submits a responsive Proposal by the Proposal Deadline set forth in Table 1; or
- b. The Authority cancels this procurement.

Any such payment shall be subject to the terms and conditions contained in the Proposal Agreement. This offer of payment entitles the Authority to use work product and ideas contained in any unsuccessful Proposal. The Authority acknowledges that the use of any of the work product by the Authority or the successful Proposer is at the sole risk and discretion of the Authority and the successful Proposer, and shall in no way be deemed to confer liability on the unsuccessful Proposer. All parties acknowledge that the due date for payment for work product will occur after the execution date of the Contract or cancelation of this procurement.

Proposers are requested to submit a signed Proposal Agreement (Form J) by the Proposal Agreement Due Date set forth in Table 1.

6.12 Protest Procedures

6.12.1 Applicability

This section sets forth the exclusive protest remedies available with respect to this RFP and prescribes the exclusive procedures for protests regarding:

- a. Allegations that the terms of the RFP are:
 - i. Ambiguous;
 - ii. Contrary to legal requirements applicable to the procurement; or
 - iii. Exceed the Authority’s authority.
- b. A determination as to whether a Proposal is responsive to the requirements of the RFP or the Proposal does not meet all pass/fail requirements.

- c. Allegations of improprieties in the procurement or the procurement process which can only be apparent after submission of Proposals or the Authority's contract award recommendation.

6.12.2 Required Early Communication for Certain Protests

Protests concerning the issues described in Section 6.12.1(a) may be filed only after the Proposer has informally discussed the nature and basis of the protest with the Authority, following the procedures prescribed in this Section 6.12. Informal discussions shall be initiated by a written request for a one-on-one meeting delivered via email to the Authority Point of Contact provided in Section 6.3. The written request should include an agenda for the proposed one-on-one meeting. The Authority will meet with the Proposer as soon as practicable to discuss the nature of the allegations. If necessary to address the issues raised in a protest, the Authority may make, in its sole discretion, appropriate revisions to the RFP documents by issuing addenda.

6.12.3 Deadlines for Protests

Protests concerning the issues described in Section 6.12.1(a) must be filed as soon as the basis for the protest is known, but no later than 20 days prior to the Proposal Deadline. If the protest relates to an addendum to the RFP, the protest must be filed no later than five Working Days after the addendum is issued. The failure of a Proposer to file a protest concerning the issues described in Section 6.12.1(a) within the applicable period shall preclude consideration of those issues in any protest concerning these issues described in Section 6.12.1(a) and (b).

Protests concerning the issues described in Section 6.12.1(b) must be filed no later than five Working Days after receipt of the notification of non-responsiveness.

Protests concerning the issues described in Section 6.12.1(c) must be filed no later than five Working Days after the public announcement of the notice of intent to award the Contract.

6.12.4 Content of Protest

Protests shall state, completely and succinctly, the grounds for protest, its legal authority, and its factual basis, and shall include all factual and legal documentation in sufficient detail to establish the merits of the protest. Statements shall be sworn and submitted under penalty of perjury. Additionally, all protests shall also contain the name, address, and fax and telephone numbers for the protestor; the RFP number; a request for a ruling by the Authority; all information establishing that the protestor is an interested party for the purposes of filing a protest; and all information establishing the timeliness of the protest.

6.12.5 Filing of Protest

Protests shall be filed by hand delivery on or before the applicable deadline to the Protest Official with a copy to the Authority Point of Contact identified in Section 6.3, as soon as the basis for the protest is known to the Proposer. Except for protests concerning the issues described under Section 6.12.1(a), the Proposer filing the protest shall concurrently file a copy

of the protest with the other Proposers (whose addresses may be obtained from the Authority's website). The Protest Official for this RFP is:

Mark McLoughlin
California High-Speed Rail Authority
770 L Street, Suite 800
Sacramento, CA 95814

Notwithstanding the existence of a protest, the Authority may continue the procurement process or any portion thereof.

6.12.6 Comments from other Proposers

Other Proposers may file statements in support of or in opposition to the protest within seven days of the filing of the protest. The Authority shall promptly forward copies of all such statements to the protestor. Any factual determinations shall be sworn and submitted under penalty of perjury.

6.12.7 Burden of Proof

The protestor shall have the burden of proving its protest. The Authority may discuss, in its sole discretion, the protest with the protestor and other Offerors. No hearing will be held on the protest. The protest shall be decided on the basis of written submissions.

6.12.8 Decision on Protest

The Protest Official shall issue a written decision regarding the protest within 30 days after the filing of the detailed statement of protest. The decision shall be final and conclusive and not subject to legal challenge unless wholly arbitrary. If necessary to address the issues raised in a protest, in its sole discretion, the Authority may make appropriate revisions to this RFP by issuing addenda.

6.12.9 Limitation on the Authority's Liability

The Authority shall not be liable for any damages to or costs incurred by any participant in a protest, on any basis, express or implied, and whether or not successful.

6.12.10 Rights and Obligations of Proposers

Each Proposer, by submitting its Proposal, expressly recognizes the limitation on its rights to protest provided in this Section 6.12, and expressly waives all other rights and remedies and agrees that the decision on the protest is final and conclusive. If a Proposer disregards, disputes, or does not follow the exclusive protest remedies provided in this Section 6.12, it shall indemnify and hold the Authority and its officers, employees, agents, and consultants harmless from and against all liabilities, fees and costs, including legal and consultant fees and costs, and damages incurred or suffered as a result of such Proposer's actions. Each Proposer, by submitting a Proposal, shall be deemed to have irrevocably and unconditionally agreed to this indemnity obligation.

6.13 Authority's Reserved Rights

The Authority reserves to itself all rights available to it under applicable law, including without limitation, the following, with or without cause and with or without notice:

- a. Modify, withdraw or cancel this RFP in whole or in part at any time prior to the execution of the Contract by the Authority, without incurring any costs obligations or liabilities.
- b. Issue a new RFQ or RFP after withdrawal of this RFP.
- c. Accept or reject any and all submittals, responses, and Proposals received at any time.
- d. Modify dates set or projected in this RFP.
- e. Terminate evaluations of Proposals received at any time.
- f. Require confirmation of information furnished by a Proposer, require additional information from a Proposer concerning its Proposal, and require additional evidence of qualifications to perform the work described in this RFP.
- g. Seek or obtain data from any source that has the potential to improve the understanding and evaluation of the responses to this RFP.
- h. Waive any weaknesses, informalities, irregularities or omissions in a Proposal, permit corrections, and seek and receive clarifications to a Proposal.
- i. Accept other than the lowest Price Proposal.
- j. Issue addenda, supplements, and modifications to this RFP.
- k. Disqualify any Proposer that changes its Proposal without Authority approval.
- l. Modify the RFP Process (with appropriate notice to Proposers).
- m. Establish a competitive range, hold discussions and/or request BAFOs.
- n. Approve or disapprove changes to the Proposer Teams.
- o. Revise and modify, at any time before the Proposal Deadline, the factors it will consider in evaluating Proposals and to otherwise revise or expand its evaluation methodology. If such revisions or modifications are made, the Authority shall circulate an addendum to all Proposers setting forth the changes to the evaluation criteria or methodology. The Authority may extend the Proposal Deadline if such changes are deemed by Authority, in its sole discretion, to be material and substantive.
- p. Hold meetings, conduct discussions and communicate with one or more of the Proposers responding to this RFP to seek an improved understanding and evaluation of the Proposals.
- q. Add or delete Work.
- r. Negotiate with one or more Proposers concerning its Proposal and/or the Contract.
- s. Suspend and/or terminate negotiations at any time, elect not to commence negotiations with any responding Proposer and engage in negotiations with other than the highest ranked Proposer.

- t. Hold the Proposals and Proposal Bonds under consideration for a maximum of 360 days after the Proposal Deadline or deadline to submit BAFOs until Contract execution unless there is mutual agreement to extend the 360 day duration.
- u. Retain ownership of all materials submitted in hard-copy and/or electronic format.
- v. Exercise any other right reserved or afforded to the Authority under this RFP.
- w. Proposals received become the property of the State of California, California High-Speed Rail Authority.

This RFP does not commit the Authority to enter into a contract or proceed with the procurement described herein. The Authority assumes no obligations, responsibilities, and liabilities, fiscal or otherwise, to reimburse all or part of the costs incurred or alleged to have been incurred by parties responding to this RFP. All such costs shall be borne solely by the Proposer. In no event shall the Authority be bound by, or liable for, any obligations with respect to the Project until such time (if at all) as a contract, in form and substance satisfactory to the Authority, has been authorized and executed by the Authority and, then, only to the extent set forth herein. The Authority makes no representation that the contract will be awarded based on the requirements of this RFP. Proposers are advised that the Authority may modify the procurement documents at any time.

6.14 General Requirements

The following section describes requirements that all Proposers must satisfy in submitting Proposals. Failure of any Proposer to meet these requirements may result in rejection of its Proposal.

6.14.1 Improper Conduct

6.14.1.1 Prohibited Activities

If the Proposer, or anyone representing the Proposer, offers or gives any advantage, gratuity, bonus, discount, bribe or loan of any sort to the Authority, including its agents or anyone representing the Authority at any time during this procurement process, the Authority shall immediately disqualify the Proposer, the Proposer shall forfeit its Proposal Bond, the Proposer shall not be entitled to any payment otherwise available under Section 6.11, and the Authority may sue the Proposer for damages.

6.14.1.2 Non-Collusion

Neither the Proposer nor any Equity Member, Lead Contractor or Lead Designer shall undertake any of the prohibited activities identified in the Non-Collusion Affidavit (Cert 2).

6.14.1.3 Organizational Conflicts of Interest

The Authority has adopted an Organizational Conflicts of Interest Policy (the "Policy") that will apply to this procurement and the resulting Contract, in addition to the High-Speed Rail Authority Conflict of Interest Code and other applicable requirements. The Policy can be found on the Authority's website at:

http://www.hsr.ca.gov/About/Doing_Business_with_HSR/organizational_conflict_interest_policy.html

Proposers are advised to carefully review the Policy, and to have their team members review the Policy, since it includes provisions that preclude certain firms from participation in this procurement; and affect the ability of the Contractor, its Subcontractors, and their Affiliates (as defined in the Policy) to enter into business relationships with Authority consultants.

Failure to comply with the Policy in any respect, including the failure to disclose any actual, perceived or potential organizational conflict of interest, may result in serious consequences as described in Section V(2) of the Policy.

The Authority will only award a Contract to a Proposer whose objectivity is not impaired because of any past, present or planned organizational conflict of interest, financial or otherwise. If any such conflict of interest is found to exist, the Authority may:

- a. Disqualify the Proposer; or
- b. Determine that it is otherwise in the best interest of the Authority to contract with such Proposer, and include appropriate provisions to mitigate or avoid such conflict in the Contract awarded.

Each member of the Proposer Team shall submit a separate Organizational Conflicts of Interest Affidavit (Form E) certifying that the Proposer Team member is aware of the Authority's Conflict of Interest Policy and the Proposer Team member's commitment to comply with said policy. Each Proposer shall fully disclose organizational conflicts of interest in its Proposal, using Organizational Conflicts of Interest Disclosure Statement as provided in Part B of this ITP. The refusal to provide the required disclosure or any additional required information may result in disqualification of the Proposer. If nondisclosure or misrepresentation is discovered after award of the Contract through this procurement process, the resulting Contract may be terminated.

By submitting its Proposal, each Proposer agrees that, if an organizational conflict of interest is discovered following submittal of the Proposal, the Proposer will make an immediate and full written disclosure to the Authority that includes a description of the action that the Proposer has taken or proposes to take to avoid or mitigate such conflicts.

6.14.2 Licensing Requirements

The Contractor and Lead Designer shall be qualified to do business in the State of California and shall be properly licensed in accordance with the laws of the State of California at the time of the award.

In accordance with Public Contract Code Section 3300, the Authority has determined that the Contractor shall possess a valid Class A (General) License and other specialty licenses applicable to the Project at the time of execution.

Although a California Contractor's License is not required as a condition to acceptance of the Proposal by the Authority, the Proposal must include information regarding California

contractor's licenses held by the Proposer's Lead Contractor and its Equity Members, and regarding California professional licenses held by the Lead Designer's Key Personnel.

6.14.3 Team Continuity and Changes to Organizational Structure

Proposers are advised that, in order for a Proposal to be considered responsive, unless otherwise approved in writing by Authority, Key Personnel, Equity Members, and Guarantors identified in the SOQ may not at any time be removed, replaced or augmented.

If there are any additions, deletions or other changes to a Proposer's Key Personnel, Equity Members or Guarantor(s) from those shown in the SOQ, the Proposer shall obtain written approval of the change from Authority prior to submitting its Proposal. Requests for removals, replacements and additions must be submitted in writing to the Authority Point of Contact identified in Section 6.3 by the deadline specified in Table 1 of Section 3.0. To be considered for approval, the Proposer must submit a written request documenting how the proposed removal, replacement, or addition will be equally or better qualified than the Key Personnel, Equity Member or Guarantor provided by the Proposer when it submitted its SOQ. Requests shall include supporting documentation, including legal and financial data as well as any other information necessary for qualitative evaluation, and consistent with the type of information that Proposers were required to submit in response to the RFQ.

If approved by the Authority, the Proposer shall submit a copy of the Authority's approval letter with its Proposal; provided, however, that the Authority is under no obligation to approve such requests and may do so within its sole discretion.

6.14.4 Subcontractors

6.14.4.1 Non-Exclusiveness of Subcontractors

Subcontractors are not precluded from being on more than one Proposer Team, except that the Lead Contractor, Lead Designer and all Equity Members shall only participate on one Proposer Team.

There is no prohibition against Subcontractors being exclusive to one Proposer, however, exclusivity is discouraged for SB/DBE/DVBE/MB Subcontractors.

6.14.4.2 Listing of Subcontractors

The Subletting and Subcontracting Fair Practices Act, Sections 4100 et seq. of the California Public Contract Code (the "Subcontracting Act") requires persons bidding on public works contracts to identify certain Subcontractors as part of their Proposals. Section 4109 of the Subcontracting Act permits a contractor to enter into subcontracts at a later date even though no subcontractor was designated in its Proposal, in the event of public necessity. Proposers are encouraged to review the provisions of the Subcontracting Act related to the imposition of penalties for a failure to observe its provisions by using unauthorized Subcontractors or by making unauthorized substitutions as such provisions will apply to this RFP, the Work and the Contract.

The Authority recognizes that, due to the nature of a design-build contract, certain Subcontractors can only be selected by the Contractor after a certain amount of the design work is completed. As a result, the Authority's Board has adopted a resolution determining that public necessity requires proposers for each design-build contract (including the Contract) be allowed to postpone identification of subcontractors, including SB/DBE/DVBE/MB subcontractors, who would otherwise be required to be identified under the Subcontracting Act at the time of bid submission, subject to the prime contractor's compliance with the procedure set forth in the referenced Board resolution and summarized below.

In accordance with the Authority's Subcontractor Listing Policy for Design Build Projects, Subcontractors not identified in the Proposals and whose respective Subcontract values are estimated to exceed one-half of one percent (0.5%) of the difference between (a) the Contract Price and (b) the amount bid for design services shall be selected through a fair and open competitive selection process. Such procedure shall be subject to the review and approval of the Authority, include times for each step of the process and shall provide that award of any Subcontract will go to the lowest responsive bid by a responsible bidder approved by the Authority (such approval shall not be unreasonably withheld). The Contractor shall promptly notify the Authority in writing of the identity of each selected Subcontractor.

All Subcontractors listed on Form D must be registered with the Department of Industrial Relations pursuant to Labor Code Section 1725.5 (as applicable).

6.15 Alternative Technical Concepts

An Alternative Technical Concept (ATC) is defined as any concept submitted by a Proposer and accepted by the Authority for incorporation into a Proposal that, differs from the requirements of the Contract Documents provided in the RFP and, if implemented, would result in performance and quality of the end product that is equal to or better in performance and quality than the end product absent any deviation as determined by the Authority in its sole discretion and is not merely the result of reduced quantities, performance or reliability. A concept is not eligible for consideration as an ATC, if it is premised upon or would require an increase to the amount of time required for Substantial Completion of the Project.

This section sets forth a process for early review of ATCs. This process is intended to allow Proposers to incorporate innovation and creativity into their Proposals, in turn allowing the Authority to obtain the best value for the public.

If a Proposer is unsure whether a concept is consistent with the requirements of the RFP or if that concept would be considered an ATC by the Authority, the Authority recommends that the Proposer submit such concept for review as an ATC.

If a Proposer wishes to begin discussions, announcement or disclosure to third parties concerning any ATC, it must first notify the Authority in writing of its intent, including details as to the date and participants.

Any ATC that has been accepted by the Authority may be included in the Proposal, subject to the conditions set forth herein.

6.15.1 General Submittal Guidelines

All ATCs shall be submitted in a sealed envelope marked with the name and address of the Proposer to the Authority Point of Contact with a cover letter clearly identifying the submittal as a request for review of an ATC under this procurement. If the Proposer does not clearly designate its submittal as an ATC, the submission will not be treated as an ATC by the Authority.

6.15.2 Pre-Review of ATCs

If a Proposer intends to submit an ATC for review, it must first submit a two-page outline of the ATC to the Authority for pre-review. The submittal shall include a two-page summary of the proposed ATC containing sufficient information to describe the scope, the objective of the ATC including a preliminary justification for use of the ATC, cost schedule impacts or benefits, other impacts and its relationship to the technical requirements of the RFP. The submittal shall also include a comparison to the Environmental Footprint.

The pre-review of an ATC is to allow the Authority an initial review of each ATC submittal to determine whether it would like to see further development of the ATC and to reduce the time spent by Proposers for any ATC that is deemed unacceptable by the Authority.

6.15.3 Final Review of ATCs

Where the Authority has determined further development of an ATC is warranted, the Proposer may submit the ATC for final review to the Authority until the deadline identified in Table 1 of Section 3.0. ATCs shall be submitted in accordance with the General Submittal Guidelines described in Section 6.15.1 and labeled "Final ATC Submittals." The Authority will review each ATC submitted. If the Authority needs more information to determine whether or not to accept the ATC for incorporation into a Proposal, the Authority will submit written questions to the Proposer and/or request a one-on-one meeting in order to better understand the details of the ATC.

If an ATC is not accepted for incorporation into a Proposal, and the Proposer feels that the determination is due to an incorrect conclusion on the part of the Authority, the Proposer may request the basis for the determination and may re-submit the ATC with supplemental justification for one additional review. If a re-submittal is made, it shall be accompanied by a cover letter that clearly identifies such submission as an ATC submitted for an additional review and summarizes the clarifications to assist the Authority in its re-evaluation of the ATC.

6.15.4 Contents of the ATC Submittal for Final Review

Each Final ATC Submittal shall include six copies and one electronic copy in PDF format. The submittal shall include the information described herein.

Description – A detailed description and schematic drawings of the configuration of the ATC or other appropriate descriptive information including, if appropriate, product details (e.g., specifications, construction tolerances, special provisions, etc.).

Usage – Where and how the ATC would be used on the Project.

Environmental Compliance – Information necessary to make a determination that the ATC is consistent with the Final Environmental Documents and Governmental Approvals or whether it constitutes a Variation that would be subject to the Environmental Re-Examination Processes. If an ATC constitutes a Variation as defined in the General Provisions, the Environmental Re-Examination Processes must be completed prior to its implementation. Proposers are advised that they shall not be entitled to any additional time or money as a result of any delay or inability to obtain approval to implement an ATC related to the Environmental Re-Examination Process(es) or any cost associated with the Environmental Re-Examination Processes.

Schedule Revisions – Any change in the time period necessary to design and construct the Project resulting from implementing the ATC, including, as appropriate, a description of methods and commitments.

Cost Increases or Decreases – An identification of the cost increases or decreases that would result should the ATC be accepted and implemented, including construction costs and life cycle cost impacts for operations and maintenance.

Deviations – References to any requirements of the RFP Documents or to any elements of the Contract Documents that are inconsistent with the proposed ATC, the specific proposed changes to such provisions in the Contract Documents, an explanation of the nature of the proposed deviation and a request for approval of such deviations. All deviations must be better than or equal to the original requirements of the Contract Documents, as determined by the Authority in its sole discretion.

Justification – A justification of the use of the ATC which includes a description of the objectives of the ATC and a discussion of the reasons why acceptance of the ATC as a deviation from the requirements of the RFP Documents would be advantageous to the Authority; and a description of other projects, if applicable, where the ATC has been used under similar circumstances and the success of such usage, including the name and contact information of other project owner(s), who can confirm the details of the usage.

Construction and Safety Impacts – Discussion of potential impacts of the ATC on vehicular or rail traffic, rail operations, community impact, and safety. Include construction plans showing any identified impacts. Also address if there are any special maintenance requirements associated with the ATC.

ROW – If and what additional ROW will be required to implement the ATC. Proposers are advised that they shall (i) not be entitled to any additional time or money as a result of site conditions (i.e., hazardous materials, differing site conditions, geotechnical issues, Utilities, etc.) on such additional ROW; and (ii) not be entitled to any additional time or money as a result of any delay, inability or cost associated with the acquisition of such ROW.

Third Party Approvals – Discussion of any third party approvals required to implement the ATC. Proposers are advised that they shall not be entitled to any additional time or money as a result of any delay, inability to obtain, or cost associated with third party approvals.

Risks – A description of added risks to the Authority and other Persons associated with implementing the ATC.

6.15.5 Determination by the Authority

The Authority will make one of the following determinations with respect to each properly submitted ATC:

- a. The ATC is accepted.
- b. The ATC is not accepted for inclusion in the Proposal.
- c. The submittal does not qualify as an ATC but may be included in the Proposal (i.e., the concept complies with the RFP requirements).
- d. The submittal does not qualify as an ATC, and may not be included in the Proposal.

Each Proposer, by submittal of its Proposal, acknowledges that the opportunity to submit ATCs was offered to all Proposers and waives any right to object to or protest the Authority's determinations regarding acceptability of ATCs. The Authority's rejection or acceptance of an ATC will not entitle Proposer to an extension of the Proposal Deadline or the final date that ATCs may be submitted; provided, however, that the foregoing shall not limit the Authority's sole right to modify the Proposal Deadline or any other date in connection with this procurement.

Acceptance of an ATC for inclusion in a Proposal will constitute a change in the specific requirements of the Contract Documents associated with the accepted ATC for that specific Proposer but does not serve as a guarantee or commitment that the ATC may be implemented. Implementation of any ATC determined to constitute a Variation shall be subject to the Authority's approval to implement, which shall only be issued, if at all, in compliance with CEQA/NEPA, as applicable, after completion of the Environmental Re-Examination Process(es). Should the Contractor be unable to obtain the approvals required to implement any ATC incorporated into the Contract Documents, including third party approvals and CEQA/NEPA approvals, as applicable, or if the concept otherwise proves to be infeasible, the Contractor will be required to conform to the original RFP requirements, as such requirements may be amended by addenda, and will not be entitled to an equitable adjustment.

6.15.6 Incorporating into Proposal

Subject to Section 6.15.5, a Proposer may incorporate ATCs accepted for inclusion into its Proposal. Copies of the Authority's ATC acceptance letters for each incorporated ATC shall be included in the Proposal. Proposals with or without ATCs will be evaluated against the same technical evaluation factors. Proposals incorporating ATCs, including an ATC that provides technical enhancements, may or may not receive a higher technical rating and any consideration given by the Authority will be determined by the Authority in its sole discretion.

The Price Proposal shall reflect all incorporated ATCs, including any cost savings resulting from the incorporation of an ATC into the Proposal. Except for incorporating ATCs as accepted by the Authority, the Proposal may not otherwise contain exceptions to or deviations from the requirements of the RFP Documents.

Following award of the Contract, the ATCs that were accepted by the Authority and incorporated in the Proposal by the successful Proposer shall be included in the Contract Documents. The Contractor shall be solely responsible for implementing all ATCs incorporated into the Contract Documents. Notwithstanding anything to the contrary herein, if Contractor fails to implement an ATC included in the Contract Documents for any reason, including but not limited to Contractor's failure to obtain the approvals required to implement the ATC, Contractor will be required to comply with the original requirements of the RFP and shall not be entitled to any additional time or adjustment of the Contract Price.

Prior to execution of the Contract, ATCs from any unsuccessful Proposers that submitted agreements to receive compensation for work product as described in Section 6.11 may, in the Authority's sole discretion, be presented to the selected Proposer for possible incorporation in the Contract Documents during negotiation of the final terms of the Contract. In addition, following execution of the Contract, ATCs from unsuccessful Proposers may, in the Authority's sole discretion, be presented to the Contractor as an Authority Change in accordance with the "Changes" clause in General Provisions, Section 17 (Book I, Part B.2).

6.15.7 Confidentiality of ATCs

Except as provided in Section 6.15.6, ATCs properly submitted by a Proposer and all subsequent communications regarding its ATCs will be considered confidential subject to the Open Government Laws, until the Contract is awarded or the procurement is canceled as specified herein; provided, however, that, if the Authority, in its sole discretion, determines, based on a proposed ATC or otherwise, that the RFP contains an error, inconsistency, ambiguity or mistake, the Authority reserves the right to modify the RFP to correct the error, inconsistency, ambiguity or mistake, regardless of any impact on a proposed ATC.

The Authority will keep all discussions with Proposers and submitted materials regarding ATCs confidential, provided that under no circumstances will the Authority be responsible or liable to a Proposer or any other party as a result of disclosing any materials, whether the disclosure is deemed required by law, by an order of court, or occurs through inadvertence, mistake or negligence on the part of the Authority or its respective officers, employees, contractors, or consultants.

6.15.8 Design Variances and ATCs

The Proposer may rely on approved Design Variances. New Design Variances, required as part of ATCs, shall be subject to Authority review and preliminary approval as delineated in the Authority's Design Variance Request Procedures and the Design Criteria. Proposers shall therefore prepare, submit and ensure approval of all new Design Variances to be included as part of ATCs. Should Design Variances not be obtained by Proposers by the Proposal Deadline, Proposers are solely responsible for any risk that may be attributed to the incorporation of an ATC into the Proposer's Price Proposal. Design Variances are location and condition specific. New Design Variances required as part of ATCs shall be equal or better in performance and/or safety.

7.0 Two-Step Best Value Selection Process

The Authority is using a two-step best value procurement process to select a Contractor to deliver the Project. The Authority's goal is to create a fair and uniform basis for the evaluation of the Proposals in compliance with all applicable legal requirements governing this procurement. The procurement is being conducted in accordance with the Authority's contracting power, as described in California Public Utilities Code Section 185036(a).

The Proposal evaluation process will include the review of each Proposal for responsiveness and pass/fail criteria, a separate evaluation of the Technical Proposal and the Price Proposal, a ranking determination and a best value determination. The process may, at the Authority's sole discretion, include a request for proposal revisions and Best and Final Offers (BAFOs), and may include a limited negotiations phase with the selected Proposer(s). The steps in the process and evaluation criteria are set forth in Section 9.0. The evaluation and selection process is subject to modification by the Authority, in its sole discretion.

7.1 RFQ—First Step Evaluation Process

The RFQ was the first step of the selection process. The RFQ solicited information in the form of SOQs, which were evaluated to determine the qualified Offerors with the capabilities to successfully deliver the Project. After evaluating the SOQs based upon the evaluation criteria described in the RFQ, the Authority selected the Shortlisted Offerors eligible to receive this RFP.

7.2 RFP—Second Step Evaluation Process

This RFP is the second step of the selection process. In this second step, the Authority's role includes all of the following:

- a. Receive and respond to requests for information and clarifications, as described in Section 6.5.
- b. Receive and evaluate the Technical Proposals according to the criteria contained in the RFP Documents.
- c. Open and evaluate the Price Proposals.
- d. Calculate a Total Proposal Score by combining the weighted scores for the Technical Proposals (30 percent weighting) and Price Proposals (70 percent weighting).
- e. Commence limited negotiations with the Apparent Best Value Proposer or recommend award of the Contract as set forth in the RFP, as determined by the Authority, in its sole discretion.
- f. Recommend award of a contract to the Apparent Best Value Proposer following negotiations or proceed to negotiations with the next highest ranked Proposer.

8.0 Proposal Submittal Requirements

8.1 Compliant Proposal

The Proposal shall document the Proposer's technical approach to Project delivery, capability to deliver the Project, and proposed Project delivery price and pricing assumptions in light of the evaluation criteria.

The Proposal must contain sufficient detailed information to enable the Authority to make an adequate evaluation of the Proposer's understanding of the Project's scope, cost and implementation challenges and the Proposer's technical, organizational and financial capability to perform in the design-build role for the Project and to complete the Project successfully. The Authority may ask Proposers individually or collectively for additional information or clarification regarding their Proposals.

Proposals that do not demonstrate complete compliance with the requirements of the following sections may be rejected by the Authority and result in disqualification of the Proposer(s).

8.2 Format Requirements

To facilitate the evaluation of Proposals and to help protect the confidentiality of proprietary information the volumes of the Proposal submittal described above shall be submitted in separately sealed packages.

The Proposal shall be submitted on the forms furnished or copies thereof and shall be completed in ink or typewritten and shall be manually signed. All blank space in the Proposal forms must be completed as noted. No substantive change(s) shall be made to the Proposal forms. Any failure to provide all information and all completed forms in the format specified by the ITP may result in the Authority's rejection of the Proposal depending on the nature of the omission.

Documents must be prepared on letter sized 8-1/2" x 11" white paper. Ledger sized, 11" x 17" pages are allowed for schematics, organizational charts, other drawings and schedules, but not for narrative text. All written submittals regardless of paper size must be included in the applicable volume. A single side of an 8-1/2" x 11" or 11" x 17" sheet will be considered one page. Pages shall be numbered at the bottom to show the page numbers and total number of pages in the response (e.g., Page 1 of 10, Page 2 of 10, etc.).

Each section within a volume shall be separated by a divider with a tab, and shall be prepared using no smaller than 12-point font size, except for tables, which may be prepared using 10-point font size. The Authority may disregard documents not complying with these page requirements. Proposers shall not include standard corporate brochures, awards and marketing materials and the Authority will not evaluate such materials.

All digital copies shall be in read only format on an encrypted USB drive 256-bit encryption and submitted in a sealed package separate from the set of binders. A password to decrypt the USB drive shall be included with the Proposal in a sealed package separate from the sealed package containing the USB drive.

8.3 Contents and Organization

Proposals shall be composed of the Proposer's Administrative Submittals (Volume 1A), Financial Information (Volume 1B), Executive Summary and Technical Proposal (Volume 2) and Price Proposal (Volume 3). Each Volume shall be provided in a separate three ring binder. Proposers shall clearly index their Proposals using pages with tabs and organize them in the order set forth in this ITP Section 8.3. Electronic submittals (USB, CDs and/or DVDs) shall follow equivalent organizational standards and shall use a searchable format with appropriate bookmarks.

8.3.1 Volume 1A – Administrative Submittals

Volume 1A of the Proposal will contain the Administrative Submittals. The required contents and organization Volume 1A is presented in this Section 8.3.1. Each Proposer shall submit one original and 10 written copies (for a total of 11) of Volume 1A. The original must be clearly marked "Original" on its face and spine. Each copy must be numbered 1 through 10 on its spine. Proposer shall also include one digital copy of Volume 1A on a USB drive, in accordance with the format requirements in Section 8.2.

Volume 1A should be organized with a tab for each Proposer Team member identified in Form B, and all required administrative submittals for that respective team member should be included together.

Proposer shall provide the following forms and other information in Volume 1A:

Transmittal Letter (Form A) – The Proposer shall attach to the Transmittal Letter evidence of its authorized representative(s) to execute and deliver the Proposal and the Contract.

Identification of Proposer Team Members (Form B) – The Proposal shall contain a completed Form B identifying each Proposer Team member, its role on the Proposer Team and its Official Representative for the purposes of executing any required forms or certifications included in the Proposal. All Subcontractors and subconsultants identified on Form B should also be listed on Form D.

Key Personnel Matrix (Form C) – The Proposal shall contain a completed Form C confirming the availability of Key Personnel and other individuals designated in the SOQ or any Authority approved substitutes. This form shall be signed by the Proposer's Official Representative. The Proposer shall attach to Form C a copy of the Authority's letter approving any Key Personnel replacements.

Schedule of Subcontractor(s)/Subconsultant(s) (Form D) – The Proposal shall contain a completed Form D with information regarding anticipated Subcontractors and subconsultants, and signed by the Proposer's Official Representative. Subcontractors and subconsultants identified on Form D should also be listed on Form B. All Subcontractors listed on Form D must be registered with the Department of Industrial Relations pursuant to Labor Code Section 1725.5 (as applicable).

Organizational Conflicts of Interest Disclosure Statement (Form E) – The Proposal shall contain a completed Form E signed by the Proposer's Official Representative. Additionally, each Proposer Team member identified on Form B shall submit a copy signed by its Official Representative as identified in Form B.

Verification, Validation and Self-Certification Commitment (Form F) – The Proposal shall contain a statement of Proposer's unequivocal commitment to comply with the Authority's "Verification, Validation and Self-Certification" requirements, which are stated in Section 54 of the General Provisions (Book 1, Part B.2) signed by Proposer's Official Representative.

Debarment, Suspension, Ineligibility, and Voluntary Exclusion Certification (Cert. 1) – The Proposal shall contain a completed Cert. 1 signed by the respective Official Representative for the Proposer and each member of the Proposer Team identified on Form B.

Non-Collusion Affidavit (Cert. 2) – The Proposal shall contain a completed Cert. 2 for the Proposer signed by the Proposer's Official Representative.

Organizational Conflicts of Interest Affidavit (Cert. 3) – The Proposal shall contain a completed Cert. 3 signed by the Official Representative for the Proposer. The Proposal shall also contain a completed Cert. 4 signed by the Official Representative for each member of the Proposer Team identified on Form B.

Equal Employment Opportunity Certification (Cert. 4) – The Proposal shall contain a completed Cert. 4 signed by the Official Representative for the Proposer. The Proposal shall also contain a completed Cert. 4 signed by the Official Representative for each member of the Proposer Team identified on Form B.

Non-Discrimination Certification (Cert. 5) – The Proposal shall contain a completed Cert. 5 signed by the Official Representative for the Proposer. The Proposal shall also contain a completed Cert. 5 signed by the Official Representative for each member of the Proposer Team identified on Form B.

Certification Regarding Lobbying (Cert. 6) – The Proposal shall contain a completed Cert. 6 by the Official Representative for each Equity Member as identified on Form B.

Drug Free Workplace Program Certification (Cert. 7) – The Proposal shall contain a completed Cert. 7 signed by the Official Representative for the Proposer. The Proposal shall also contain a completed Cert. 7 signed by the Official Representative for each member of the Proposer Team identified on Form B.

Buy America Certifications (Cert. 8) – The Proposal shall contain a completed Cert. 8 signed by the Official Representative for the Proposer. The Proposal shall also contain a completed Cert. 8 signed by the Official Representative for each member of the Proposer Team identified on Form B.

Iran Contracting Certification (Cert. 9) – The Proposal shall contain a completed Cert. 9 signed by the Official Representative for each Equity Member identified on Form B.

Darfur Contracting Act Certification (Cert. 10) – The Proposal shall contain a completed Cert. 10 signed by the Official Representative for each Equity Member identified on Form B.

Certification Regarding Miscellaneous State Requirements (Cert. 11): The Proposal shall contain a completed Cert. 11 signed by the Official Representative for each Equity Member identified on Form B.

Proposer's Overall Project Small Business Goal Commitment Affidavit (Cert. 12) – The Proposal shall contain a completed Cert. 12 signed by the Proposer's Official Representative confirming the Proposer will aggressively exercise Good Faith Efforts to the satisfaction of the Authority to meet or exceed the overall Project Small Business goal of 30 percent, inclusive of a 10 percent DBE goal and a three percent DVBE goal on federally assisted contracts.

Surety Letter – Provide a letter from a surety signed by an authorized representative as evidenced by a current power of attorney committing to providing a Performance Bond and Payment Bond, each in substantially the form provided in the Signature Document. The Surety(ies) must be registered with the California State Insurance Commissioner, appear on the current Authorized Insurance List in the State of California published by the Office of the Insurance Commissioner and an A.M. Best's Rating Service classification of "A-IX" or better. If multiple surety letters are provided, the Proposal shall identify which surety will be the lead surety. The commitment letter shall not include any conditions, qualifications or reservations for underwriting or otherwise, other than a statement that the commitment is subject to award of the Contract to Proposer within the validity period for Proposals. The bonds required to be provided as a condition to execution of the Contract are to name the Proposer as obligor. Accordingly, the surety letter must commit to issuance of a bond in such entity's name and indicate whether or not the Surety has defaulted on any obligation within the past 10 years and the details in the event of such default. The Authority may require any Sureties to appear and qualify themselves at any time. If the Authority determines that a Surety is not qualified, the Authority may, upon written demand, require the Contractor to furnish a replacement bond or bonds from a qualified Surety. Until the replacement bond or bonds are furnished, payments on the Contract will stop.

Joint and Several Liability – If the Proposer is a joint venture, the Proposal shall contain a letter signed by each Equity Member indicating that it accepts joint and several liability for the Proposer's obligations under its Proposal and any resulting contract.

Organizational Documents – The Proposal shall contain a copy of the articles of incorporation and bylaws, the joint venture agreement, partnership agreement, limited liability company agreement or equivalent organizational documents for the Proposer, each Equity Member, and Guarantors (if any), such documents shall be consistent with the responsibilities to be undertaken by such parties under the Contract.

Changes in Proposer's Organization – The Proposal shall include a copy of the letter(s) (if any) issued by the Authority approving changes to the composition of the Proposer's organization (including additions or deletions to a Proposer team) following the Authority's shortlisting decision. Such approval is required under Section 6.2 of the RFQ and Section 6.14.3

of the RFP. If the Proposer includes any such letter(s), it shall also include a brief description (two page maximum) of these changes.

Legal Issues, Liabilities or Proceedings – The Proposal shall include a certification stating that there have not been any additional legal issues, liabilities or proceedings since the SOQ submission.

If there has been, or there is anticipated to be, any additional legal issues, liabilities or proceedings since the SOQ submission, then the Proposal shall include the following information regarding such legal issues, liabilities and proceedings:

- a. **Legal Issues** – Identify and explain any significant anticipated legal issues which the Proposer must resolve in order to carry out the Project and its obligations under a Contract.
- b. **Legal Liabilities** – Provide a list and a brief description of all instances involving transportation civil infrastructure projects in which the Proposer or Equity Member (or its parent company; its subsidiary companies; any company under joint ownership with such firm; any joint ventures or limited liability companies in which such firm is a member; and any partnership in which such firm is a general partner) was (i) determined, pursuant to a final determination in a court of law, arbitration proceeding or other dispute resolution proceeding, to be liable for a material breach of contract or (ii) terminated for cause. For each instance, identify an owner's representative with a current phone and fax number and, if available, e-mail address.
- c. **Legal Proceedings** – Provide a list and a brief description (including the resolution) of each arbitration, litigation, dispute review board, enforcement proceeding resulting in assessment of monetary penalty, fine or criminal penalty, and other dispute resolution proceeding involving Proposer or Equity Member (or its parent company; its subsidiary companies; any company under joint ownership with such firm; any joint ventures or limited liability companies in which such firm is a member; and any partnership in which such firm is a general partner) and involving an amount in excess of \$500,000 related to performance in transportation civil infrastructure projects or compliance with any environmental Law with a contract value in excess of \$25 million.

8.3.2 Volume 1B – Financial Information

Volume 1B of the Proposal will contain the Financial Information. The required contents and organization of Volume 1B are presented in Section 8.3.2. Each Proposer shall submit one original and three copies (for a total of four) of Volume 1B. The original must be clearly marked "Original" on its face and spine. Each copy must be numbered 1 through 3 on its spine. Proposer shall also include digital copy of Volume 1B on a USB drive, in accordance with the format requirements in Section 8.2. Proposer shall provide the following forms and other information in Volume 1B:

No Material Change Certification – The Proposal shall include a statement from the Chief Financial Officer or Treasurer of the Proposer stating that there has not been a Material Change, and none are anticipated, in the financial condition, corporate form (i.e., significant

mergers, acquisitions, reorganizations, etc.), market capitalization, or potential liabilities (e.g., current or pending claims or litigation) since the SOQ submission. If the Proposer is a joint venture or LLC, then the Proposal shall include a statement from the Chief Financial Officer or Treasurer of each joint venture member or LLC member stating that there has been no Material Change in the financial condition, corporate form, market capitalization, or potential liabilities since the SOQ submission. Reference to financial statements or notes to financial statements is not sufficient for purposes of meeting this requirement.

Guarantor Material Change Certification – If the Proposer, or in the event the Proposer is a joint venture or LLC then any joint venture member or LLC member, has provided a guaranty as part of its SOQ submission, then the Proposal shall include a certification from the Chief Financial Officer or Treasurer of each Guarantor stating that there has been no Material Change, and none are anticipated, in the financial condition, corporate form, market capitalization, or potential liabilities of the Guarantor since the SOQ submission. Reference to financial statements or notes to financial statements is not sufficient for purposes of meeting this requirement.

Material Change Disclosure – If there has been, or there is anticipated to be, a Material Change in the financial condition, corporate form, market capitalization, or potential liabilities of the Proposer, or in the event the Proposer is a joint venture or LLC then the joint venture member or LLC member, or to any Guarantor since the SOQ submission, then the Chief Financial Officer or Treasurer of the affected entity must provide:

- a. Statement describing each Material Change in detail,
- b. The likelihood that the Material Change will continue during the period of performance of Project development, and
- c. The projected full extent of the changes likely to be experienced in the periods ahead. Reference to financial statements or notes to financial statements is not sufficient for purposes of meeting this requirement.

In addition, the Chief Financial Officer or Treasurer of the affected entity must provide an estimate of impact on the revenues, expenses and the change in capital structure (debt and equity) for each Material Change. Where a Material Change will have a negative impact on the financial condition of the affected entity, then the Proposal must include a discussion of the measures that would be undertaken to insulate the Project from any recent or anticipated Material Changes.

Recent Financial Statements – If Financial Statements for the Proposer, or in the event the Proposer is a joint venture or LLC then for any joint venture member or LLC member, or for any Guarantor, have been issued, either as year-end or interim Financial Statements, since the SOQ submission then the Proposal must include three hard copies, one electronic copy in PDF format, and one electronic copy in Microsoft Excel format of the recent Financial Statements.

If Financial Statements have been issued for the Proposer, or in the event the Proposer is a joint venture or LLC, then for any joint venture member or LLC member, or for any Guarantor, since the SOQ submission, then the Proposal must include a statement from the Chief Financial

Officer or Treasurer of the Proposer, or in the event the Proposer is a joint venture or LLC then each joint venture member or LLC member, or for each Guarantor, if applicable, stating that Financial Statements have been issued, either as year-end or interim Financial Statements, for its respective entity since the SOQ submission. The Financial Statements must be prepared in accordance with U.S. Generally Accepted Accounting Principles (U.S. GAAP) or International Financial Reporting Standards (IFRS).

If Financial Statements are prepared in accordance with accounting principles other than U.S. GAAP or IFRS, a letter must be provided from a certified public accountant discussing the areas of the Financial Statements that would be affected by a conversion to U.S. GAAP.

- a. **U.S. Dollars** – Financial Statements must be provided in U.S. dollars. If Financial Statements are not available in U.S. dollars, the Proposer must include summaries of the Financial Statements for the applicable time periods converted to U.S. dollars, specifying the conversion rate used.
- b. **Audited** – For year-end Financial Statements, the Financial Statements must be audited by an independent party qualified to render audit opinions (e.g., a certified public accountant). If audited Financial Statements are not available for an entity, the Proposal shall include unaudited Financial Statements for such entity, certified as true, correct, and accurate by the Chief Financial Officer or Treasurer of the entity.
- c. **English** – Financial Statements must be prepared in the English language. If audited Financial Statements are prepared in a language other than English, translations of all Financial Statements must be provided with the original Financial Statements.
- d. **Newly Formed Entity** – If the Proposer is a newly formed entity and does not have Financial Statements, Financial Statements for the equity owners of the newly formed entity shall be provided (and the Proposer shall expressly state that the Proposer is a newly formed entity and does not have Financial Statements).
- e. **SEC Filings** – If any entity for which Financial Statements are submitted files reports with the Securities and Exchange Commission, then such Financial Statements shall be provided through a copy of its annual report on Form 10K and any subsequent reports filed on Form 10Q or Form 8-K.
- f. **Confidentiality** – The Proposer may identify any information which it believes is entitled to confidentiality under the Public Records Act or Freedom of Information Act, by marking each page “CONFIDENTIAL” as described in Section 6.9.

Recent Credit Ratings – If credit rating(s) for the Proposer, or in the event the Proposer is a joint venture or LLC then for any joint venture member or LLC member, and for any Guarantor, have been issued or changed, including credit rating outlook, since the SOQ submission then the Proposal must include a copy of the credit rating.

If no credit rating(s), including credit rating outlook(s), have been issued or changed for the Proposer, or in the event the Proposer is a joint venture or LLC then for any joint venture member or LLC member, or for any Guarantor, since the SOQ submission, then the Proposal must include a statement from the Chief Financial Officer or Treasurer of the Proposer, or in the

event the Proposer is a joint venture or LLC then each joint venture member or LLC member, and for each Guarantor, stating that no credit rating(s), including credit rating outlook, have been issued or changed for its respective entity since the SOQ submission.

Guarantor Letter of Support – If the Proposer, or in the event the Proposer is a joint venture or LLC then any joint venture member or LLC member, has provided a Guarantor as part of its SOQ submission, then the Proposal shall include a letter from each Guarantor stating that it will provide a performance guaranty in the form as set forth in (Book I, Part A, Attachment G), and that it will financially support all the obligations of the Proposer with respect to the Project.

In addition, if the Proposer is offered the opportunity, at the sole discretion of the Authority, to add a Guarantor to its Proposal in accordance with Section 9.4, then the Proposal shall include a letter from the additional Guarantor stating that it will provide a performance guaranty in the form as set forth in (Book I, Part A, Attachment G), and that it will financially support all the obligations of the Proposer with respect to the Project.

8.3.3 Volume 2 – Executive Summary and Technical Proposal

Volume 2 of the Proposal will contain the Executive Summary and Technical Proposal. The required contents and organization of Volume 2 are presented in this Section 8.3. Each Proposer shall submit one original and 10 printed copies (for a total of 11) of Volume 2. The original must be clearly marked “Original” on its face and spine. Each copy must be numbered 1 through 10 on its spine. Proposer shall also include one digital copy of Volume 2 on a USB drive, in accordance with the format requirements in Section 8.2.

The Proposer shall not include any information regarding price in any of the materials submitted as part of Volume 2.

Executive Summary: The Executive Summary shall contain sufficient information to familiarize reviewers with the Proposer’s Project approach and its ability to satisfy the legal requirements of the Contract. The Proposer shall limit the Executive Summary to no more than 10 pages inclusive of text, selected photographs, and sketches. The Executive Summary page count is not counted toward the page limit requirement of the Technical Proposal. The Proposer shall highlight those items which, in the opinion of the Proposer, represent significant value to the Authority and which may distinguish its Proposal from those of others.

At a minimum, the Executive Summary shall include the following:

- a. **Legal** - A description of the Proposer’s form of organization, identifies the lead entity the percentage of interest held by the Equity Members and, and all entities that will have joint and several liability for the Contract or that will provide Guaranties (if required) to the Authority. Include a summary of any changes in the Proposer’s organization since submission of the SOQ. All entities identified in the Executive Summary must be identified initially by their full and correct legal names.
- b. **Technical** - A description of the Proposer’s understanding and approach to the Work, including design, construction and coordination with third parties. Include a summary of (i) how the Proposer intends to achieve design and construction solutions that are efficient,

schedule-sensitive, environmentally sound, durable, safe and maintainable; and (ii) the Project support concepts to be addressed in connection with the Work including support of public outreach, coordination with adjacent contracts and concepts for mobilization, delivery of materials and mitigation of traffic and other impacts during construction.

- c. **Financial** - Information regarding the Proposer's financial strength and capability to undertake and complete the Work, including any other relevant information regarding the Proposer's financial approach to completing the Work.

Technical Proposal: The Proposal shall include a Technical Proposal containing the information described in Section 9.5, Technical Proposal Evaluation Criteria, separated and labeled appropriately. The Technical Proposal shall be consistent with the requirements in the Contract Documents. The Technical Proposal shall be no more than 100 pages in length exclusive of schedules required in Section 9.5.1; the Executive Summary; and sketches, renderings, and drawings.

8.3.4 Volume 3 – Price Proposal

Volume 3 of the Proposal will contain the Price Proposal. The required contents and organization of Volume 3 are presented in this Section 8.3.4. Each Proposer shall submit one original of Volume 3. Proposer shall also include one electronic submittal of Volume 3 on a USB drive, in accordance with the format requirements in Section 8.2.

Proposal Bond (Form G): The Proposal shall contain a Proposal Bond as set forth in Form G. The Proposal Bond shall be provided by a Surety that is registered with the California State Insurance Commissioner, appears on the current Authorized Insurance List in the State of California published by the Office of the Insurance Commissioner, and an A.M. Best's Rating Service classification of "A-IX" or better.

Proposal Price (Form H): The Proposal shall contain a completed Form H executed by the Proposer's Official Representative.

Price Breakdown (Form I): The Proposal shall contain a completed Form I.

8.4 Late Submittals

The Proposal will be considered late if received at the Authority Point of Contact address any time after the Proposal Deadline (Table 1 of Section 3.0), and shall be returned unopened.

8.5 Proposal Validity Period

The Proposal and Proposal Bond will remain valid for up to 360 days following the later of the Proposal Deadline or Deadline to submit BAFOs. After such period, the Proposals will cease to be valid unless the Proposer(s) and the Authority agree in writing to extend the Proposal Validity Period. The Proposal Validity Period as may be extended by the parties shall not affect the validity of the Proposal Bond without acquiescence by the Surety.

8.6 Escrowed Proposal Documentation

Each Proposer shall submit all documentary information generated in preparation of the Price Proposal. This requirement shall apply to information generated by the Proposer and by all Subcontractors. This documentary information is hereinafter referred to as “Escrowed Proposal Documents (EPDs).” Proposers shall submit the “Escrowed Proposal Documents Certification” (Cert. 13) with the EPD submittal, certifying to the accuracy of the information in the EPDs.

The EPDs shall contain information in accordance with the “Contents of EPDs” clause of the General Provisions (Book I, Part B.2, Section 25.4) regarding the Proposer’s assumptions made in calculating the prices included in the Price Proposal. The Proposer shall submit its EPDs in such format as it used in preparing its Proposal. The EPDs shall be organized in a logical fashion to reflect the organization of the Price Proposal.

In the event that the Authority requests revisions to Proposals and BAFOs or one or more Proposers are asked to clarify its Price Proposal, each Proposer shall submit one copy of all additional documentary information generated in preparation of the Proposal revisions and BAFO or clarification (including Subcontractor pricing changes for Subcontractors). This additional documentation is considered as part of the EPDs.

EPDs shall be delivered to the Authority in a locked fireproof cabinet supplied by the Proposer. The cabinet shall be stored in the Authority's offices or in another location designated by the Authority, with the key held only by the Contractor. EPDs shall be delivered prior to 4:00 p.m. (Pacific Time) on the third Working Day following the Proposal Deadline (refer to Table 1). Release of EPDs will be in accordance with the Contract.

Representatives of the Authority and the Apparent Best Value Proposer shall review the EPDs of the Apparent Best Value Proposer prior to Contract execution to determine whether they are complete and in compliance with the “Escrowed Proposal Documents” clause (Book I, Part B.2, Section 25) of the General Provisions. The purpose of this examination is to ensure that the EPDs are authentic, legible and complete. The Apparent Best Value Proposer shall correct any deficiencies to the EPDs within three days of discovery. The examination will not include detailed review of, and will not constitute approval of, proposed construction methods, estimating assumptions or interpretations of RFP Documents. Examination will not alter any condition or term of the Contract.

Representatives of the Authority and the Apparent Best Value Proposer shall also organize the EPDs, labeling each page so that it is obvious that the page is a part of the EPDs, and enable a person reviewing the page out of context to determine where it can be found within the EPDs. An index shall be compiled listing each document included in the EPDs and briefly describing the document and its location in the EPDs. The Authority shall have a right to retain a copy of the index.

The EPDs will be available for joint review by the Apparent Best Value Proposer and the Authority in conjunction with any pre-award or pre-execution discussions and negotiations. Following execution of the Contract, the EPDs of the Apparent Best Value Proposer will be available for joint review as specified in the Contract.

EPDs for each unsuccessful Proposer will be available for collection after the Contract is signed with the successful Proposer. EPDs for all Proposers will be available for collection if all Proposals are rejected or withdrawn.

8.7 Language and Currency

All correspondence regarding the RFP, Proposal and Contract is to be in the English language. If any original documents required for the Proposal are in any other language, the Proposer shall provide an English translation, certified by an individual authorized as a translator by one of the superior courts of the State of California, which shall take precedence in the event of conflict with the original language. All required pricing and cost information shall be provided in United States Dollars only, except as otherwise provided in this ITP. In the evaluation of Proposals, the Authority may choose to disregard any financial figures provided by the Proposer in denominations other than United States Dollars.

9.0 Evaluation of Proposals

9.1 General

The Authority will award the Contract (if at all) to the responsive Proposer that has complied with all of the requirements of the RFP, is technically qualified and has the Best Value Proposal, as set forth in this Section 9.0.

9.2 Responsiveness Review

Each Proposal will be reviewed for the following:

- a. Conformance to the RFP instructions regarding organization and format, including the presence of all required forms and attachments; and
- b. The responsiveness of the Proposer to the requirements set forth in this RFP

Those Proposals not responsive to this RFP, as determined by the Authority in its sole discretion, may be excluded from further consideration and the Proposer will be so advised. The Authority may also exclude from consideration any Proposer whose Proposal contains a material misrepresentation, as determined by the Authority in its sole discretion.

9.3 Pass/Fail Review

Following or in conjunction with evaluation of each Proposal for responsiveness, the Authority will evaluate each Proposal based upon the pass/fail criteria listed below. A Proposer must obtain a "pass" on all pass/fail items in order for its Proposal to be evaluated qualitatively under Section 9.3.

- a. The Proposal contains an original executed transmittal letter as required in Section 8.3.1, above.
- b. The Proposal contains a letter of commitment from a Surety (or Sureties) meeting the requirements specified in Section 8.3.1.

- c. The Proposal contains Buy America Certifications (Cert. 8), certifying compliance with Buy America requirements as provided in Section 5.0 of this ITP and the “Federal Requirements” clause (Section 46) of the General Provisions for each member of the Proposer Team.
- d. The Proposal contains a completed Proposer’s Overall Project Small Business Goal Commitment Affidavit (Cert. 12).
- e. The Proposal contains the information and the express, written commitments as required in Section 8.3.1.

9.4 Financial Data

The Proposer must continue to have the financial capability to design and construct the Project since the time of its SOQ submission.

If it is determined that the Proposer does not have the financial capability to design and construct the Project, then the Proposer may be given the opportunity to add a Guarantor to its Proposal and must submit all financial information required as part of the RFQ and RFP processes. Such opportunity is given solely at the discretion of the Authority and the additional Guarantor must be deemed acceptable by the Authority.

9.5 Technical Proposal Evaluation Criteria

Technical Proposals will be evaluated against the technical criteria and sub-criteria described in this Section 9.5. Proposals shall contain the information listed in this Section 9.5 in Volume 2 – Executive Summary and Technical Proposal.

The raw score for the Technical Proposal, based on 100 points allocated as described in Table 3, will be used to calculate the Technical Proposal Score as described in Section 9.7. The Technical Proposal Score comprises 30 percent of the Total Proposal Score. The maximum Technical Proposal Score is 30 points.

Table 3: Summary of Technical Proposal Evaluation Criteria

Evaluation Criteria	Maximum Point Value
Project Management	25 points
Design and Design Oversight	30 points
Construction and Construction Oversight	30 points
Small Business Participation	15 points
Raw Score for Technical Proposal based on 100 points	100 points

In its Technical Proposal responding to Sections 9.5.1 through 9.5.4, inclusive, Proposers should clearly identify approaches, commitments, innovations and best practices that will be implemented by the Proposer which add value for the Authority consistent with this Best Value procurement. In evaluating Proposals, it will be assumed that the staffing, equipment and materials necessary to implement the commitments and innovations are included in Proposer’s Price Proposal and that all Contract requirements, plans and deliverables to be submitted by the successful Proposer will fulfill such commitments. The Proposal itself will become a Contract

Document as described in the “Order of Precedence” clause (Section 2.0) of the General Provisions.

9.5.1 Project Management (25 points)

The Authority seeks a Contractor that has had demonstrated success in management of major infrastructure projects; understands the Contract requirements for project management, quality and oversight; commits to a management plan based on realistic assumptions including Project constraints; commits to providing the skilled management personnel and staffing levels necessary to fulfill the Contract requirements; and brings innovation and added value to management of the Project.

The Authority sees value in an organizational structure and reporting lines that ensure accountability; prompt submission of deliverables that do not require time-consuming revision; clear and timely communications; effective integration of the environmental, quality, design and construction components of the Contractor’s organization; and a thorough understanding of Project risk and risk mitigation.

- a. Describe the organization and management approach you will employ. Describe how your approach ensures successful performance and accountability in key project tasks. Describe how your approach will successfully integrate the environmental, design, and construction components of your organization. Describe how your approach will successfully integrate subconsultants and Subcontractors into your organization. Provide examples from other projects that illustrate the effectiveness of your approach.

Include in your response:

1. Confirmation that each of the five Key Personnel identified in your SOQ (Project Manager, Design Manager, Construction Manager, Quality Manager and Environmental Manager) remain designated for assignment on the Project and will be available to commence full-time work on the Project upon receipt of NTP. Proposers are directed to Section 6.14.3 of the Instructions to Proposers for procedures to substitute Key Personnel.
 2. An organization chart showing reporting lines for major tasks and departments with an explanation of any differences with the organization chart provided in your SOQ. Clearly indicate the direct reports to each of the five Key Personnel.
- b. Describe your approach and commitment to achieving Substantial Completion within the time frame provided in the “Completion Deadlines” clause (Section 3.0) of the Special Provisions. Describe how your approach ensures that events impacting schedule will be rapidly and accurately incorporated into your master schedule. Describe the process you will use to analyze schedule impacts and convey schedule information to the Authority and the Authority’s representatives. Provide examples from other projects that illustrate the effectiveness of your approach.

Include in your response:

1. A description of the qualifications and experience of your Lead Scheduler demonstrating qualifications that meet the requirements stated in the RFP including the Cost and Scheduling Controls Program. Describe his/her responsibilities and placement in your proposed organization.
 2. Your Project schedule produced in the latest version of Primavera P6 in a Level 2 level of detail as defined within AACE International Recommended Practice No. 37R-06, "Schedule Levels of Detail – As Applied in Engineering, Procurement and Construction (TCM Framework: 7.2 – Schedule Planning and Development)" dated March 20, 2010 showing completion in the duration proscribed in the "Completion Deadlines" clause (Section 3.0) of the Special Provisions.
- c. Describe your approach and commitment to ensuring compliance with the Authority's Master Quality Plan including the Verification, Validation and Self-Certification Procedures. Indicate the staffing requirements necessary to fulfill the requirements of the Contract. Provide examples from other projects that illustrate the effectiveness of your intended approach.
- d. Describe your approach and commitments to ensuring effective communications with the public, local agencies, and community stakeholders. Describe your approach for use of the media, internet and personal interface in effective communications.

Include in your response:

1. A description of the qualifications and experience of your Public Involvement Manager demonstrating qualifications that meet the requirements stated in the RFP including the "Public Involvement" clause (Section 53.0) of the General Provisions. Describe his/her responsibilities and placement in your proposed organization.
 2. An analysis of the staffing levels required to meet the requirements of the "Public Involvement" clause (Section 53.0) of the General Provisions and your commitment to meet those staffing levels.
- e. Provide a risk register or matrix for what, based on your analysis, constitutes the 20 most significant risks to schedule, budget or quality in the design and construction of the Project.

Include your response:

1. An assessment of the probability that the risk will materialize.
2. Your approach and proposed course of action to eliminate or reduce the likelihood the risk will occur or to reduce the impact to the Project if the risk does occur.

9.5.2 Design and Design Oversight (30 points)

The Authority seeks a Contractor that has had demonstrated success in the design of major civil infrastructure projects; understands the Contract requirements for design and design oversight including the Design Criteria, the Verification, Validation and Self-Certification Procedures; has a design approach that recognizes Project constraints including environmental and schedule constraints; commits to providing the skilled management personnel and staffing levels necessary to fulfill the Contract requirements; and brings innovation and added value to the design of the Project.

The Authority sees value in prompt mobilization of the Contractor's design office; submission of design documents that do not require time-consuming revision; the ability to deal effectively with third parties and governmental stakeholders; and an approach to design that promotes innovation, aesthetics, sustainability, maintainability and life-cycle savings.

- a. Describe your approach and commitments to commencing design of the Project and to ensuring rapid mobilization of your design staff. Describe the organization and location of your design staff within 180 days following NTP, and if more than one location is used describe your approach and commitments to ensuring effective communications between design offices. Provide examples from other projects which illustrate the effectiveness of your approach.

Include in your response:

1. An analysis of the design progress that will be achieved within the first 180 days following NTP to meet Contract duration including critical path items.
 2. An analysis of the field activities that will be achieved within the first 180 days following NTP to meet Contract duration including critical path items. Include in your analysis your approach and staffing commitment to field surveys including but not limited to geotechnical, archaeological, architectural and biological. Include in your analysis your approach to initial communications with public and private stakeholders such as Tulare and Kern Counties and BNSF railroad.
- b. Describe your intended design for major project elements including civil works and fixed structures. Describe your approach to including principles of sustainability, durability, maintainability and reduced life-cycle costs in your Project design. Describe your approach and intended uses of ATCs (if any). Describe your approach and commitment to including aesthetic features as described in the Aesthetics Manual for Non-Station Structures and those enhanced structural design features described in the Scope of Work. Include in your response conceptual engineering drawings and isometric views highlighting proposed aesthetic treatments.
 - c. Describe your approach and commitments for setting the alignment of the Project in a manner that minimizes the acquisition of and the impacts upon private property. Describe your capability to collaborate with and/or provide ROW services to public agencies to expedite the acquisition of property on infrastructure programs. Provide examples from other projects of the successful implementation of your approach and such collaboration.

Include in your response a narrative description and a conceptual diagram of your approach to minimizing the ROW impacts on the following properties within the Environmental Footprint.

1. SunnyGem property. The Authority sees value in minimizing property acquisitions, eliminating or minimizing plant downtime and accommodating continued operation of this business at this location.
2. City of Wasco Transit Station (Amtrak). The Authority sees value in minimizing potential impacts to this property and accommodating continued operation of this facility.

3. Certis property. The Authority sees value in minimizing property acquisitions and mitigating impacts to allow for the continued operation of this business at this location.
- d. Describe your approach and commitments to design configuration management and quality control including your commitment to quality assurance and quality control processes consistent with the Authority's Master Quality Plan and Verification, Validation and Self-Certification Procedures. Describe your approach to ensure that the Authority's safety and security Design Criteria are met or exceeded (Design Criteria Chapter 32). Provide examples from other projects that illustrate the successful implementation of your approach.

Include in your response:

1. Provide a narrative description of the qualifications and experience of your proposed Verification, Validation and Self-Certification manager and his/her role and responsibilities for both implementation and compliance with the Authority's Verification, Validation and Self-Certification Procedures. Describe the manager's level of authority, placement in your proposed organization chart and percentage of time committed to this Project. Include a description of how design changes will be managed to ensure that they do not increase the safety and security risks to the Authority.
 2. Describe your method for reviewing and addressing design development to ensure that the design elements provided in the Authority's Design Criteria and Directive Drawings are not compromised.
- e. Describe your approach and commitments for ensuring a design that is in compliance with all Environmental Requirements.

Include in your response:

1. Address how the required environmental mitigation measures as described in the Final Environmental Documents and Governmental Approvals will be adhered to during performance of the Work and describe the methodology for assuring that the Project will conform to applicable standards.
2. Describe your approach and plan for additional environmental work that may be required due to design changes not contemplated by the Final Environmental Documents and Governmental Approvals.

9.5.3 Construction and Construction Oversight (30 points)

The Authority seeks a Contractor that has had demonstrated success in the construction of major civil infrastructure projects; understands the Contract requirements for construction and construction oversight; has a construction approach that recognizes field conditions and project constraints including ROW, third party constraints and public involvement; and commits to providing the equipment, materials, skilled management personnel and staffing levels necessary to meet the Contract requirements; and brings innovation and added value to Project construction.

The Authority sees value in the use of construction practices and sequencing which accommodate possible environmental, ROW, third party and other schedule constraints;

effective and reliable construction quality management; the ability to deal effectively with third parties, private property owners and governmental stakeholders; programs and processes that ensure worker and public safety; and an approach to construction that promotes innovation, security, sustainability, maintainability and life-cycle savings.

- a. Describe your approach and commitments to organizing and managing the construction of the Project to ensure timely Substantial Completion. Describe the methods by which you will achieve the flexibility necessary to accommodate delays caused by third parties or unanticipated conditions during construction. Provide examples from other projects that illustrate the effectiveness of your approach and methods.

Include in your response:

1. An analysis of the professional staffing levels required to mobilize construction.
 2. An analysis of the long lead construction material requirements of the Project.
 3. A list or matrix of other infrastructure projects valued in excess of \$100 million that Equity Members and Subcontractors are committed to as of the date of submission of your Proposal.
- b. Describe your approach and commitments to ensuring that you have available for construction the required number of tradesmen, including journeymen and apprentices necessary to construct the Project. Describe the approach you will employ to ensure sufficient labor forces if a shortfall of tradesmen occurs. Provide examples from other projects which illustrate the effectiveness of your approach.

Include in your response:

1. A timeline analysis of the number of work fronts and number of tradesmen required to complete the Project within the duration of the Contract as provided in the "Completion Deadlines" clause (Section 3.0) of the Special Provisions.
 2. An analysis of the trades that will be employed on the Project.
- c. Describe your approach and commitments to integrating safety and security into your program and meeting the contract requirements for safe and secure Work as described in the "Safety and Security" clause (Section 26) of the General Provisions.

Include in your response:

1. A narrative of the qualifications and experience of your proposed Safety Manager and describe his/her responsibilities and placement in your proposed organization.
 2. An analysis of the staffing levels required to meet the Contract requirements for safety and security and your commitment to meet those requirements.
- d. Describe the approach you will employ and your staffing commitments to effectively address environmental issues that may arise during construction and for resolving unexpected compliance issues that may arise in the field.

Include in your response:

1. Your approach for identifying the need for and completing additional work necessary to revise, supplement, or amend Final Environmental Documents or Governmental Approvals in order to remain in compliance with all Laws.
 2. Your approach and plan to effectively addressing environmental issues that may arise during construction, including the need to obtain additional CEQA/NEPA review and documentation and/or Supplemental or Amended Governmental Approvals and for resolving unexpected compliance issues that are likely to arise in the field (e.g., discovery of a listed species, a nest or burrow, or a plant population for which any additional CEQA/NEPA review and documentation and/or Supplemental or Amended Governmental Approvals is required; discovery of Project construction issues that preclude or prohibit construction of the Project as planned and designed, etc.)
- e. Describe your approach and commitments to successfully relocate utilities and third party facilities. Describe the organization and staffing levels required to successfully relocate utilities and third party facilities, and accommodating the needs of impacted property owners during all phases of construction. Provide examples from other projects illustrating the effectiveness of your approach.
- Include in your response:
1. A list or matrix of the utilities and third party facilities that are on the Project's critical path during the first 360 days following NTP.
 2. Describe the experience and qualifications of the individual(s) that will manage your efforts to relocate utilities and third party facilities.
- f. Describe your approach and commitments to managing your construction sites in a manner that minimizes impact and disruption to the public.

Include in your response:

1. The main elements and commitments of your traffic management plan to ensure mobility and accessibility for agricultural, commercial, and residential properties during construction.
2. The main elements and commitments of your plan to ensure public construction awareness including your approach to using the media, internet and posted signs.
3. The main elements and commitments of your plan to mitigate impacts to the public (private property owners) including management of construction site of dust, water, fumes, light, sound and other emissions that negatively impact the public.

9.5.4 Small Business Program and Community Benefits Agreement (15 points)

The Authority seeks a Contractor that understands the policies and requirements set forth in the Small and Disadvantaged Business Enterprise Program, CBA and NTHI Plan; has an effective approach to meeting the Small Business and targeted worker program goals; and is committed to providing the systems, skilled management personnel and staffing levels necessary to meet the policies of the Authority.

The Authority sees value in a Contractor with an outreach program that is visible, accessible and continuous throughout the duration of the Project; that is innovative and employs best construction industry outreach practices; and is financially supportive of small business and other subcontractors.

- a. Describe the key elements of your SB efforts which will become your commitments in and the basis of your Small Business Performance Plan, which is a Contract deliverable. Include your commitments to items such as workshops, technical assistance, and other small business efforts. Provide examples from other projects that illustrate the effectiveness of your approach.
- b. Describe the qualifications and experience of the proposed Small Business Coordinator, and describe his/her role and responsibilities for both implementation and compliance with the Authority's Small Business and Disadvantaged Business Enterprise Program. Describe the coordinator's level of authority, placement in your proposed organization chart and percentage of time committed to the Project. Disclose any additional roles and/or responsibilities the Coordinator is being proposed to perform on this Project and how those roles and responsibilities might affect the Coordinator's abilities or dedication to the Small Business Coordinator role.
- c. Provide a narrative description and your commitments to innovation in assistance to small business such as access to capital, trade credits, surety bonding assistance or forbearance, insurance, and other supportive services.
- d. Provide a list of the SBEs, DBEs, and DVBES to which you have made a firm contractual commitment for work, together with the scope of work and percentage of work they will perform.
- e. Describe the approach you will employ to ensure successful implementation of the Community Benefits Agreement.

9.6 Price Proposal Opening

The Price Proposals will remain sealed in a secure location until the Technical Proposals have been evaluated and scored. The Total Proposal Price specified on Form H and Section 8.3.4 will be used to evaluate the Price Proposal. The Price Proposal Score comprises 70 percent of the Total Proposal Score. The maximum Price Proposal Score is 70 points.

9.7 Best Value Selection

The determination of apparent best value shall be based on a 70-30 point scale. The Price Proposal Score can be a maximum of 70 points. The Technical Proposal Score can be a maximum of 30 points. The Total Proposal Score can be a maximum of 100 points.

- a. The determination of the Apparent Best Value Proposer shall be based on the Proposal that receives the highest Total Proposal Score calculated based on the following formula:

$$\begin{aligned} & \text{Price Proposal Score (Max. 70 points)} + \text{Technical Proposal Score (Max. 30 points)} \\ & = \text{Total Proposal Score (Max. 100 points)} \end{aligned}$$

b. The Price Score will be based on the following formula:

$$70 \text{ points} \times (\text{Lowest TPP} / \text{TPP}) = \text{Price Proposal Score}$$

c. Lowest TPP = Lowest Total Proposal Price submitted by a Proposer;

d. TPP = Proposer's Total Proposal Price specified on Form H.

The Technical Proposal Score will be calculated based on the raw score for the Technical Proposal (maximum of 100 points) as described in Table 3, Summary of Technical Proposal Evaluation Criteria in Section 9.5. The Technical Proposal Score will be calculated using the following formula:

$$\text{Technical Proposal Score} = \text{Raw Score for Technical Proposal} \times 30\%$$

9.8 Additional References and Further Information

The Authority reserves the right to request such further information it deems necessary to properly evaluate the Proposals.

Proposers are cautioned that any falsification, misrepresentation or willful omission of facts shall be sufficient cause for disqualification.

9.9 Oral Interviews of Proposers

Proposers may be invited to present oral presentations for the purpose of introducing key members of the proposed implementation team, and allowing the Authority to fully understand the Proposer's ability to meet the evaluation criteria. If the Authority chooses to conduct oral interviews, it will so notify the Proposers of the date and location the interviews will be held and required attendees from the Proposer Team. If conducted, the Authority anticipates providing an agenda of presentation topics to the Proposers in advance of the oral interviews.

9.10 Requests for Clarifications

The Authority may engage in communications with the Proposers after receipt of Proposals, allowing Proposers to provide clarifications to their Proposals. This process will be initiated by delivery of a written request from the Authority to the Proposer identifying the information needed and a date and time by which the information must be provided. The Proposer shall provide the requested information in writing by the date and time indicated. If the requested information is not timely received, the Proposer's score may be adversely affected and/or the Proposal may be declared unacceptable.

9.11 Proposal Revisions and BAFOs

Although the Authority reserves the right to request proposal revisions and best and final offers ("BAFOs"), the Authority is under no obligation to do so. The Authority may make its selection and award based on the initial Proposals as submitted.

If the Authority issues a request for proposal revisions and BAFOs, Proposers will be informed of and requested and/or allowed to revise their Proposals in accordance with the terms of the request for proposal revisions and BAFOs. The request for proposal revisions and BAFOs will allow adequate time, as determined by the Authority, for the Proposers to revise their Proposals. The Authority will consider the revised information submitted as part of the proposal revision/BAFO process and reevaluate and revise ratings as appropriate.

More than one request for proposal revisions and BAFOs may be issued. In this case, evaluation of the proposal revisions and BAFOs will be repeated in order to incorporate the revised information into the scoring process.

In the event that any Proposer requested by the Authority to submit proposal revisions and BAFOs fails to provide a proposal revision or BAFO, or delivers a proposal revision or BAFO that is deemed unacceptable or late, the Authority shall have the right to consider as valid such Proposer's initial or subsequently revised Proposal and to award the Contract to such Proposer based on its initial or subsequently revised Proposal.

All terms and conditions of these Instructions to Proposers applicable to Proposals shall also be applicable to proposal revisions and BAFOs except as otherwise specified in the request for proposal revisions and BAFOs.

9.12 Limited Negotiations

Following receipt of initial Proposals or BAFOs (if any), the Authority may, at its sole discretion, elect to proceed with award of the Contract without negotiations, or it may proceed with limited negotiations, which specifically excludes discussions that would result in a material or substantive change to the Contract, prior to execution. Because the Authority also has the right to award a contract without negotiations, all Proposers must commit to entering into the Contract exactly as provided in the RFP.

Any decision to commence limited negotiations regarding the Contract and any topics of negotiation are at the Authority's sole discretion. In such event, the Proposer may raise issues only to the extent they are interrelated with negotiated topics raised by the Authority. Limited negotiations would commence with the Apparent Best Value Proposer. If for any reason the Authority is unable to negotiate a contract with the Apparent Best Value Proposer, the Authority will terminate those negotiations in writing. The Authority may then enter into limited negotiations with the Proposer that received the next highest Total Proposal Score, following the above-described process, until a Contract is awarded or all of the Proposals are rejected.

10.0 Contract Award and Execution

10.1 Key Prerequisites to Award

The Authority will not make a recommendation for award of the Contract unless the successful selected Proposer has submitted its EPDs and corrected any deficiencies identified in the examination of the documents.

10.2 Contract Award Recommendation

The Contract award recommendation will be made to the Authority Board of Directors by the Authority's CEO.

10.3 Contract Award

The anticipated date for Board action on the CEO recommendation to award the Contract is included in the Procurement Schedule in Section 3.0. An award of Contract pursuant to this RFP shall not be binding on the Authority until the Contract is executed by the Authority.

The Authority shall be under no obligation to award the Contract to the Proposer submitting the lowest priced Proposal or to award the Contract at all.

No contractor or subcontractor may be awarded a contract for public work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code Section 1725.5.

Upon Award, the Proposal submitted by the selected Proposer will be incorporated into the Contract Documents as specified in the "Order of Precedence and Contract Documents" clause (Section 2.0) of the General Provisions. Information provided by the selected Proposer on Form H (Proposal Price) will be transferred to Attachment B (Prices) of the Signature Document.

10.4 Contract Execution

By submitting its Proposal, each Proposer commits to enter into the form of Contract included in the RFP, without negotiation or variation, except to fill in blanks and include other information that the Signature Document indicates is required from the Proposal and any negotiations as provided in this RFP.

Following the Contract award recommendation, the Authority will finalize the Contract by filling in blanks and including information from the Proposal as contemplated by the Signature Document, and addressing any negotiated terms and conditions. If requested, Proposer shall meet with Authority to provide additional details for those items identified by the Authority as Proposal Commitments in Attachment C of the Signature Document. Within seven calendar days after delivery by the Authority to the successful Proposer of the finalized Contract, the successful Proposer shall deliver to the Authority the following:

- a. Signed Contract (four executed duplicate originals signed in blue ink);
- b. Evidence of authorization to execute the Contract, in the form of a certified resolution of the governing body of Proposer expressly stating such body's authorization to execute the Contract and, if Proposer is a partnership, joint venture, or unincorporated association, of the governing bodies of the entity's partners or Equity Members;
- c. Evidence that Proposer and Key Personnel hold all qualifications and licenses for performance of the Work;
- d. Guaranties (if applicable);

- e. Performance Bond in the amount of 50 percent of the Contract Price and Payment Bond in the amount of 100 percent of the Contract Price (three executed duplicate originals);
- f. Evidence of insurance as required in the Contract;
- g. Evidence as to the authority of the signatories of the Performance Bond and Payment Bond and any Guaranties;
- h. Signed Standard Form 204, Payee Data Record.

Failure to comply with the above may result in cancellation of the award recommendation and forfeiture of the Proposal Bond, in which case the Authority may (but is not obligated to) proceed to award the Contract to the next highest ranked Proposer.

The Contract shall not be effective until it has been signed by both the Proposer and the Authority.

10.5 Debriefing of Unsuccessful Proposers

Unsuccessful Proposers may be debriefed, at the Authority's sole discretion, upon their written request submitted to the Authority Point of Contact. Requests for debriefing shall be made no later than three weeks following the award of the Contract for the Project. Debriefings will not be scheduled prior to award of the Contract for the Project.

A debriefing shall be as follows:

- a. Limited to discussion of the unsuccessful Proposer's Proposal, and may not include specific discussion of a competing Proposal;
- b. Factual and consistent with the evaluation of the unsuccessful Proposer's Proposal; and
- c. Provide information on areas in which the unsuccessful Proposer's Technical Proposal had weaknesses or deficiencies.

Debriefing may not include discussion or dissemination of the thoughts, notes or rankings of individual evaluation committee members or advisors assisting in the evaluation process, but may include a summary of the rationale for the selection decision and Contract award.

Form E: Organizational Conflicts of Interest Disclosure Statement**CALIFORNIA HIGH-SPEED RAIL AUTHORITY****1. Definition**

The Authority's Conflict of Interest Policy defines organizational conflicts of interest as follows:

"Organizational Conflict of Interest" means a circumstance arising out of a Contractor's existing or past activities, business or financial interests, familial relationships, contractual relationships, and/or organizational structure (i.e., parent entities, subsidiaries, Affiliates, etc.) that results in (i) impairment or potential impairment of a Consultant's ability to render impartial assistance or advice to the Authority or of its objectivity in performing work for Authority, (ii) an unfair competitive advantage for any Proposer with respect to an Authority procurement; or (iii) a perception or appearance of impropriety with respect to any of the Authority's procurements or contracts or a perception or appearance of unfair competitive advantage with respect to a procurement by the Authority (regardless of whether any such perception is accurate).

2. Disclosure

In the space provided below, and on supplemental sheets as necessary, identify all relevant facts relating to past, present or planned interest(s) of the Proposer and its team (including Proposer, Proposer Team members, and all Subcontractors identified at the time of the submittal of its Proposal and their respective personnel) which may result, or could be viewed as, an organizational conflict of interest in connection with the RFP.

3. Explanation

In the space below, and on supplemental sheets as necessary, identify steps that have been or will be taken to avoid or mitigate any organizational conflicts of interest described herein.

4. Certification

The undersigned hereby certifies that, to the best of his or her knowledge and belief, no interest exists that is required to be disclosed in this Organizational Conflicts of Interest Disclosure Statement, other than as disclosed above.

Form G: Proposal Bond

KNOW ALL PEOPLE BY THESE PRESENTS that:

WHEREAS the undersigned, _____

as Principal and _____
as Surety, are held and firmly bound unto the California High-Speed Rail Authority, a political subdivision of the State of California (hereinafter called "Authority") in the penal sum of five percent of the Contract Price ("Bonded Sum") of the Principal above named, submitted by said Principal to Authority for the work described below, for the payment of which sum in lawful money of the United States, well and truly to be made, we bind ourselves, our heirs, executors, administrators and successors, jointly and severally, firmly by these presents.

The condition of this obligation is such that a Proposal to Authority for performance of that certain work described as has been submitted by Principal to Authority.

NOW THEREFORE, the condition of this bond is such that, if the aforesaid Principal withdraws its proposal or any revised proposal or best and final offer ("BAFO") in a manner not permitted by the Instructions to Proposers ("ITP"), or if Principal or anyone representing the Principal performs any prohibited activities specified in the ITP, or if Principal is awarded a contract in response to the RFP or any request for revised proposals or BAFOs and does not execute and deliver to Oblige such contract and provide all other documents (including, but not necessarily limited to, performance and payment bonds and insurance) set forth in the ITP, or if it is selected for negotiations and fails to negotiate in good faith or fails to execute and deliver the Contract and provide all other documents set forth in the ITP upon conclusion of negotiations in accordance with the ITP, then the Bonded Sum will be forfeited to Oblige as liquidated damages and not as a penalty, within 10 days after such failure; otherwise this obligation shall be null and void.

Surety, for value received, hereby stipulates and agrees that its obligation shall not be impaired by any extension(s) of the time for acceptance of Principal's proposal and Surety waives notice of any such extension(s).

Surety agrees that this bond shall automatically apply to any revised proposals or best and final offers submitted in response to a request for revised proposals issued as described in the ITP, and that if the Principal fails to provide a revised proposal in response to such a request, this bond shall remain valid with respect to the Principal's original proposal.

In the event suit is brought upon this Bond by Authority and judgment is recovered, the Surety shall pay all costs incurred by Authority in such suit, including a reasonable attorney's fee to be fixed by the court in accordance with applicable statutory law.

EXHIBIT A: SCOPE OF SERVICES**A. BACKGROUND, GOALS AND PURPOSE**

1. The California High-Speed Rail Authority (Authority) requires professional design-build services to be performed in connection with Request for Proposals No. HSR No. 14-32, as amended (RFP), to design and construct Construction Package 4 of the First Construction Section of the California High-Speed Rail Program (the "Project"). The RFP is incorporated into this agreement (Agreement) by reference and made a part hereof as if set forth in full.

The Project is located within the Counties of Tulare and Kern, and the cities of Wasco and Shafter. It is bounded by a point approximately one mile north of the Tulare/Kern County Line to the north and Poplar Avenue to the south.

Refer to the Scope of Work in Book 1, Part C.1 of the RFP for a more detailed description of the Project, including other major elements of Work.

2. The Authority has been authorized by its Board of Directors pursuant to Section 185036(a) of the California Public Utilities Code to select a Contractor to complete the design and construction of the Project.
3. The Authority has selected Contractor to participate in a competition with other proposers for the design and construction of the Project as described in the RFP.
4. Information regarding the technical and design requirements of the Project is contained in the RFP.
5. The Authority agrees to pay Contractor an amount not to exceed \$2,000,000.00 as specified herein upon the completion of all tasks described below to the satisfaction of the Authority.
6. Contractor desires to participate in the design-build solicitation process for the Project by submitting a proposal ("Proposal") in response to the RFP.
7. The Authority shall review the Proposal submitted by the Contractor for adherence to the requirements in the RFP and may provide the Contractor with recommendations and require the Contractor to revise the original Proposal.
8. The Authority intends to enter into an agreement for the design and construction of the Project (the "Design-Build Contract") with the proposer that submits the Proposal providing the "best value" to the Authority, in accordance with the Instructions to Proposers ("ITP") included in the RFP.
9. The Authority reserves the right to reject any and all Proposals and makes no guarantee that it will award a Design-Build Contract for the Project. The award of the Design-Build Contract is subject to Public Works Board approval regardless of price or scope.

10. The Authority reserves the right to re-advertise the RFP.
11. Contractor is advised that execution of this Agreement by the Authority does not constitute a commitment to undertake the Project or enter into a Design-Build Contract for all or any portion of the Project.

B. SERVICES

1. Contractor agrees to prepare and submit a responsive Proposal for the Project by the due date specified in the ITP, in conformance with the terms of the RFP and with the requirements, terms, conditions, rules, and regulations of the solicitation process, identified in the RFP.
2. The documents included in the RFP and designated as the Contract Documents are provided by the Authority to establish the scope, level of quality and design intent for the development, design and construction of the entire Project. The Contractor shall not provide any exceptions to the RFP. The Contractor may propose Alternative Technical Concepts as described in ITP Part A.6.15.
3. Contractor shall furnish all material, labor, tools, equipment, apparatus, and facilities necessary to perform and complete in a workmanlike manner the services called for in this Agreement. Contractor warrants that all design and engineering services under this Agreement will be performed by firms and/or individuals holding appropriate professional licenses with the State of California (State).
4. Contractor agrees to execute and deliver the Design-Build Contract in the form provided by the Authority, as well as other documents required by Part A.10.4 of the ITP, if it is selected for award without negotiations. If Contractor is selected for negotiations, it agrees to negotiate in good faith with the Authority to finalize the Design-Build Contract terms, to execute and deliver the Design-Build Contract and to deliver other documents as required by Part A.10.4 of the ITP.
5. Contractor shall not have any contact or discussion with any appointed official, employee or staff member of the Authority California Department of Transportation, California Department of General Services, Federal Railroad Administration, or any of the firms identified in Table 3 of the ITP as being subject to Proposer ex parte communications regarding any element of the design-build proposal solicitation process or the Project except as specifically permitted by the RFP. Failure of Contractor to comply with this requirement shall constitute a material breach of this agreement, thereby relieving the Authority of any and all obligations for payment to Contractor and may result in Contractor's dismissal from further participation in the solicitation process as provided in ITP Part A.6.6. Such dismissal shall not constitute "Termination" for which Contractor may be entitled to payment as described in Exhibit D herein.
6. Contractor has been selected to perform the services identified herein, in part, because of the skills and expertise of key individuals and/or firms listed in the Contractor's Statement of Qualifications (SOQ) submitted in response to Authority's Request for

Qualifications (RFQ), dated October 9, 2013. Substitution of any of the individuals and/or firms identified in Contractor's SOQ shall result in re-evaluation of Contractor's SOQ and is not allowed except with prior written approval of the Authority. If any substitution occurs without such approval, the Authority reserves the right to dismiss Contractor from further participation in the solicitation process. Such dismissal shall not constitute "Termination" for which Contractor may be entitled to payment as described in Exhibit D herein.

C. SCHEDULE OF SERVICES

1. All services shall be completed by the Proposal Deadline specified in the ITP unless an amendment to this agreement is executed which modifies the term of this Agreement.
2. This Agreement shall become effective upon the date of final approval by the Authority and shall continue until satisfactory completion of all services described herein unless otherwise terminated as herein provided.

D. AUTHORITY REPRESENTATIVE

1. For the purpose of this Agreement, Authority's representative (Authority Representative) authorized to direct services shall be the individual designated as the Authority's Point of Contact in the RFP.
2. The Authority Representative is not authorized by the Authority to make any commitments or changes that will affect the price, terms or conditions of this Agreement absent an amendment.
3. The Project representatives during the term of this Agreement will be:

California High-Speed Rail Authority:	Contractor:
770 L Street, Suite 800 Sacramento, CA 95614 Attention: Rebecca Harnagel Phone: (916) 324-1541 Email: CP4@hsr.ca.gov	

EXHIBIT B: BUDGET DETAIL AND PAYMENT PROVISIONS**1 BUDGET CONTINGENCY CLAUSE**

- 1.1 It is mutually agreed that this Agreement shall be of no further force and effect if the Budget Act of the current year and/or any subsequent years covered under this Agreement does not appropriate sufficient funds for work identified in Attachment A. In this event, the Authority shall have no liability to pay any funds whatsoever to the successful Contractor or to furnish any other considerations under this Agreement and the Contractor shall not be obligated to perform any provision of this Agreement.
- 1.2 After execution or commencement of this Agreement, if the funding for any fiscal year is reduced or deleted by the Budget Act for purposes of this project, the Authority shall have the option to either: 1) cancel this Agreement with no further liability occurring to the Authority; or 2) offer an Agreement amendment to the Contractor to reflect the reduced amount.
- 1.3 This Agreement is valid and enforceable only if sufficient funds are made available to the State by the United States Government or the California State Legislature for the purpose of this program. In addition, this Agreement is subject to any additional restrictions, limitations, conditions, or any statute enacted by the Congress or State Legislature that may affect the provisions, terms or funding of this Agreement in any manner.

2 INVOICING AND PAYMENT

- 2.1 For services satisfactorily rendered in accordance with the terms of this Agreement, and upon receipt and approval of the invoices by the Authority Contract Manager, the Authority agrees to compensate the Contractor with a lump sum payment upon completion and delivery of services described in Exhibit A. Payment is conditioned upon Contractor's full conformance with all of the requirements of the services described in Exhibit A and the RFP (including the timely delivery of the Proposal, including all drawings and other materials specified in the RFP), and no payment will be due if Contractor fails to meet any such requirement.
- 2.2 No payment shall be made in advance of services rendered.
- 2.3 The following certification shall be included on each invoice and signed by the authorized official of the Contractor.

"I certify that this invoice is correct and proper for payment and reimbursement for these costs has not and will not be received from any other sources, including but not limited to a government entity contract, subcontract, or other procurement method."
- 2.4 The total amount payable by the Authority for this Agreement shall not exceed \$2,000,000.

- 2.5 The Contractor shall not submit an invoice until one business day after the earlier to occur of (i) receipt of notification that the Authority has entered into a Design-Build Contract with another proposer (ii) receipt of notification that the Authority will not award a Design-Build Contract, or (iii) expiration of the time period for award stated in the RFP, as the same may have been extended by the Authority pursuant to the terms of the RFP without award having been made. Provide one original and two copies of the Invoice for Payment to:

Financial Operations Section
California High-Speed Rail Authority
770 L Street, Suite 620 MS3
Sacramento, CA 95814
accounting@hsr.ca.gov

(1 original and 1 copy)

AND

The Contractor shall also submit (electronically) one additional copy of the invoice and supporting documentation to the Authority Contract Manager or designee at the address identified in Exhibit A.

The Contractor may not submit an invoice if it has been advised by the Authority that its Proposal is non-responsive or otherwise failed to comply with any requirement of this Agreement.

- 2.6 No payments will be distributed until after the date of the execution of the Design-Build Contract. If Authority enters into a Design-Build Contract with Contractor, Contractor will not be entitled to compensation under this Agreement but instead will receive compensation as specified in the Design-Build Contract.
- 2.9. Upon payment of said sum to Contractor, dismissal of Contractor from further participation in the solicitation process as provided herein or in the RFP, or upon delivery of the fully executed Contract to the Design-Build Contractor if it is selected for award, Authority will have no further financial obligation to Contractor under this Agreement, and Contractor agrees not to make or pursue any claim for additional compensation through any remedy or for any reason.

3 PAYMENT REQUEST FORMAT

- 3.1 The Authority will accept computer generated or electronically transmitted invoices. The date of "invoice receipt" shall be the date the Authority receives the paper copy.

- 3.2 A request for payment shall reference the Agreement number and shall consist of, but not be limited to, the following:

3.2.1 Agreement number, date prepared, and billing period.

3.2.2 Documentation of Contractor's services and expenses, direct or indirect, including costs incidental to providing the services not to exceed \$2,000,000.00.

4 COST PRINCIPLES

- 4.1 The Contractor agrees to comply with procedures in accordance with 48 C.F.R., Federal Acquisition Regulations System, Chapter 1, Part 31, et seq., to determine the allowability of individual items of cost.
- 4.2 The Contractor agrees to comply with 49 C.F.R. Part 19, Uniform Administrative Requirements for Grants and Cooperative Agreements with Institutions of Higher Education, Hospitals and Other Non-Profit Organizations.
- 4.3 Any costs for which payment has been made to the Contractor that are determined by subsequent audit to be unallowable under 48 C.F.R. Part 31, as amended, or 49 C.F.R. Part 19, are subject to repayment by the Contractor to the Authority.
- 4.4 Any subagreement in excess of \$25,000 entered into as a result of this Agreement shall contain all the provisions of this clause.

5 PROMPT PAYMENT ACT

- 5.1 Payment will be made in accordance with, and within the time specified in, Government Code Chapter 4.5, commencing with Section 927.

6 EXCISE TAX

- 6.1 The State of California is exempt from federal excise taxes, and no payment will be made for any federal excise taxes levied on the Contractor. The Authority will only pay for any state or local sales or use taxes on the services rendered to the Authority pursuant to this Agreement. For clarification on excise tax exemptions, refer to the State Administrative Manual section 3585.

7 INVOICE DISPUTES

- 7.1 Payments shall be made to the Contractor for undisputed invoices. An undisputed invoice is an invoice submitted by the Contractor for services rendered and for which additional evidence is not required to determine its validity. The invoice will be disputed if all deliverables due for the billing period have not been received and approved, if the invoice is inaccurate, or if it does not comply with the terms of the Agreement. If the invoice is disputed, the Contractor will be notified via a Dispute Notification Form, or with other written notification within 15 working days of receipt of the invoice. The Contractor will be paid the undisputed portion of the invoice.

RFP No.: HSR 14-32 - INITIAL RELEASE - 05/27/2015

EXHIBIT D: SPECIAL TERMS AND CONDITIONS**1 CONTRACT MANAGEMENT**

- 1.1 The Contractor's Project Manager is responsible for the day-to-day project status, decisions and communications with the Authority's Contract Manager. The Contractor may change its Project Manager by giving written notice to the Authority, but the Authority reserves the right to approve any substitution of the Project Manager. This approval shall not be unreasonably withheld.
- 1.2 The Authority may change its Contract Manager at any time by giving written notice to the Contractor.

2 SUBCONTRACTS

- 2.1 Nothing contained in this Agreement or otherwise, shall create any contractual relation between the Authority and any subcontractors, and no subcontract shall relieve the Contractor of his or her responsibilities and obligations under this Agreement. The Contractor agrees to be as fully responsible to the Authority for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by the Contractor. The Contractor's obligation to pay its subcontractor is an independent obligation from the Authority's obligation to make payment to the Contractor. As a result, the Authority shall have no obligation to pay or enforce the payment of any moneys to any subcontract.
- 2.2 The Contractor shall perform the work contemplated with resources available within its own organization and no portion of the work shall be contracted without written authorization by the Authority's Contract Manager, except that which is expressly identified in the Budget Detail.
- 2.3 Unless specifically noted otherwise, any subagreement in excess of \$25,000 entered into as a result of this Agreement shall contain all the applicable provisions stipulated in this Agreement.
- 2.4 The Contractor shall pay its subcontractors within ten (10) calendar days from receipt of each payment made to the Contractor by the State.
- 2.5 Any substitution of subcontractors must be approved in writing by the Authority's Contract Manager in advance of assigning work to a substitute subcontractor.

3 CONFIDENTIALITY OF DATA

- 3.1 All financial, statistical, personal, technical, or other data and information relative to the Authority's operations, which is designated confidential by the Authority and made available to the Contractor in order to carry out this Agreement, shall be protected by the Contractor from unauthorized use and disclosure.
- 3.2 Permission to disclose information on one occasion or public hearing held by the Authority relating to this Agreement shall not authorize the Contractor further disclose such information or disseminate the same on any other occasion.
- 3.3 The Contractor shall not comment publicly to the press or any other media regarding this Agreement or the Authority's actions on the same, except to the Authority's staff, Contractor's own personnel, including subcontractors, affiliates, and vendors, involved in the performance of this Agreement, at public hearings, or in response to questions from a Legislative Committee.
- 3.4 The Contractor shall not issue any news release or public relations item of any nature whatsoever regarding work performed or to be performed under this Agreement without prior review of the contents thereof by the Authority and receipt of the Authority's written permission.
- 3.5 Any subagreement entered into as a result of this Agreement shall contain all of the provisions of the Confidentiality of Data clause.

4 CONFLICT OF INTEREST

- 4.1 The Contractor and its employees, and all of its subcontractors and employees, shall comply with the Authority's Conflict of Interest Code and Organizational Conflict of Interest Policy.
- 4.2 The Contractor may be required to submit an Economic Interest Statement (Fair Political Practices Commission's Form 700) from each employee or subcontractor whom the Authority's Legal Department, in consultation with the Contract Manager or its designee, determines is a designated employee under the Political Reform Act subject to the requirements and restrictions of the Act. Such determination will be based on the nature of the work to be performed by the employee or subcontractor. Each employee and subcontractor determined to be a designated employee under the Political Reform Act shall be subject to the same disclosure category or categories applicable to the Authority's staff who performed the same nature and scope of work as the Contractor.

5 SETTLEMENT OF DISPUTES

- 5.1 The parties agree to use their best efforts to resolve disputes concerning a question of fact arising under this Agreement in an informal fashion through consultation and communication, or other forms of non-binding alternative dispute resolution mutually acceptable to the parties.

To the extent not inconsistent with law, rules, and regulations, any dispute that is not disposed of by mutual agreement in section 5.1 above will be decided by the Authority's Design-Build Construction Manager, who may consider any written or verbal evidence submitted by the Contractor. The decision of the Design-Build Construction Manager, issued in writing will be the final decision of the Authority. The final decision of Authority is not binding on the Contractor.

5.3 In the event of a dispute, the language contained within this Agreement shall prevail over any other language including that of the bid proposal.

5.4 Neither the pendency of a dispute nor its consideration by the Authority's Design-Build Construction Manager will excuse the Contractor from full and timely performance in accordance with the terms of this Agreement.

6 TERMINATION

6.1 This Agreement may be terminated at any time by mutual agreement of the parties.

6.2 Termination for Cause: In accordance with section 7 of the GTC 610, the right to terminate this Agreement immediately in the event of breach or failure of performance by the Contractor.

6.3 Termination for Convenience: The Authority reserves the right to cancel the RFP in which case this Agreement shall be terminated for convenience upon delivery of notice of cancellation of the RFP. Notwithstanding any provisions to the contrary in this Agreement, if this Agreement is terminated for convenience, the Contractor will be compensated for costs incurred up to the notice of termination, not to exceed the lesser of the current Agreement amount or the value of the work product delivered, as determined by the Authority. All costs shall be subject to audit by the Authority. No payments due hereunder will be distributed until 60 days after the date of cancellation of the RFP. In the event of termination for convenience, Contractor shall deliver forthwith to Authority all finished or unfinished studies, reports, special forms, schedules, designs, data, surveys, calculations, drawings, maps, models, photographs, electronic files and any other pertinent information prepared by Contractor under the terms of this Agreement. Such materials shall become the property of the Authority. Thereafter, if Authority should determine to complete the Project or substantially the same Project, Authority shall have the right to use any original tracings, drawings, calculations, specification estimates and other construction documents prepared under this Agreement by Contractor who shall make them available to Authority upon request without additional compensation.

7 NON-WAIVER

- 7.1 No waiver of any breach of this Agreement shall be held to be a waiver of any other or subsequent breach. No remedy available in this Agreement is intended to be exclusive of any other remedy, and every remedy shall be cumulative and shall be in addition to every other remedy provided therein or available at law or in equity. The failure of the Authority to enforce any provision of this Agreement or require performance by the Contractor of any provision shall in no way be construed to be a waiver of those provisions, affect the validity of this Agreement in whole or in part, or the right of the Authority to subsequently enforce any such provision.

8 CAPTIONS

- 8.1 The clause headings appearing in this contract have been inserted for the purpose of convenience and ready reference and do not define, limit, or extend the scope or intent of the clauses.

9 STOP WORK

- 9.1 The Authority's Contract Manager may, at any time, by written notice to the Contractor, require the Contractor to stop all or any part of the work tasks in this Agreement.
- 9.2 Upon receipt of such stop work order, the Contractor shall immediately take all necessary steps to comply therewith and to minimize the incurrence of costs allocable to work stopped.
- 9.3 The Contractor shall resume the stopped work only upon receipt of written instruction from the Authority Contract Officer canceling the stop work order.
- 9.4 An equitable adjustment shall be made by the Authority based upon a written request by the Contractor for an equitable adjustment. Such adjustment request must be made by the Contractor within 30 days from the date of receipt of the stop work notice.

D. OWNERSHIP OF MATERIALS

3. The Authority agrees to make no demand on the Contractor for responsibility for the Authority's use of such materials for any other Authority work which is not the subject of an agreement between the Authority and the Contractor for such use.
4. The Authority does not assume any obligation to employ the Contractor's services or pay Contractor any payments, fees, or royalties of any type as to future programs which may result from the services performed under this Contract.
5. Any works developed by the Contractor during and/or pursuant to this Contract including all related copyrights and other proprietary rights therein, as may now exist and/or which hereafter come into existence, shall belong to the Authority upon creation, and shall continue in the Authority's exclusive ownership upon termination of this Contract. The Contractor further intends and agrees to assign to the Authority all right, title and interest

in and to such materials as well as all related copyrights and other proprietary rights therein.

6. The Contractor agrees to cooperate with the Authority and to execute any document or documents that may be found to be necessary to give the foregoing provisions full force and effect, including, but not limited to, an assignment of copyright.
7. If the works developed hereunder are dependent upon any original works of authorship or intellectual property rights of third parties, the Contractor shall grant to or obtain for the Authority a nonexclusive, royalty-free, paid-up, irrevocable, perpetual, world-wide license to use, reproduce, sell, modify, publicly and privately perform, publicly and privately display and distribute, for any purpose whatsoever, any such prior works.
8. Contractor acknowledges that all written correspondence, exhibits, photographs, reports, printed material, tapes, electronic disks, and other graphic and visual aids submitted to the Authority during the procurement process, excluding only the EPDs, are, upon their receipt by the Authority, the property of the Authority and are subject to the California Public Records Act (Chapter 3.5, commencing with Section 6250, of Division 7 of Title I of the Government Code).

E. INTELLECTUAL PROPERTY

1. Except as otherwise specified in the RFP with respect to Escrowed Proposal Documents (EPDs), all work performed by Contractor and its team members pursuant to this Agreement shall be considered work for hire, and the products of such work, including all related copyrights and other proprietary rights therein, as may now exist and/or which hereafter come into existence, shall belong to Authority upon creation, and shall continue in Authority's exclusive ownership upon termination of this Agreement without restriction or limitation on their use. Contractor further intends and agrees to assign to Authority all right, title and interest in and to such materials as well as all related copyrights and other proprietary rights therein.
2. Contractor agrees to cooperate with Authority and to execute any document or documents that may be found to be necessary to give the foregoing provisions full force and effect, including, but not limited to, an assignment of copyright.
3. Contractor shall place a copyright notice, as specified by Authority, on all design deliverables and documentation prior to issuance or publication so as to preserve Authority's copyright interests to the maximum extent permitted by law.
4. Contractor agrees not to incorporate into or make the works developed dependent upon any original works of authorship or Intellectual Property Rights of third parties without first (a) obtaining Authority's prior written permission, and (b) granting to or obtaining for Authority a nonexclusive, royalty-free, paid-up, irrevocable, perpetual, world-wide license to use, reproduce, sell, modify, publicly and privately perform, publicly and privately display and distribute, for any purpose whatsoever, any such prior words.

G. BROKERAGE OR CONTINGENT FEES

Contractor warrants by execution of this Agreement, that no person or selling agency has been employed or retained to solicit or secure this Agreement upon understanding or contract for a commission, percentage, brokerage or contingent fee, excepting bona fide employees or established commercial or selling agencies maintained by Contractor for the purpose of securing business. For breach or violation of this warranty, Authority shall, in addition to other remedies provided by law, have the right to terminate this Agreement without liability and shall be relieved of the payment of any consideration to Contractor.

H. RELEASE OF CLAIMS

The acceptance by Contractor of final payment shall be and shall operate as a release to Authority of all claims and all liability to the Contractor for everything done or furnished in connection with this Agreement and for every act and neglect of Authority and others relating to or arising out of this Agreement.

I. INSURANCE REQUIREMENTS

Contractor shall procure and maintain for the duration of the Agreement insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by Contractor, his agents, representatives, or employees.

1. Minimum Scope of Insurance

Coverage shall be at least as broad as:

- a. Insurance Services Office Commercial General Liability coverage (occurrence Form CG 0001).
- b. Insurance Services Office Form Number CA 0001 covering Automobile Liability, Code 1 (any auto).
- c. Workers' Compensation insurance as required by the State of California and Employer's Liability Insurance.

2. Minimum Limits of Insurance

Contractor shall maintain limits no less than:

General Liability: (Including operations, products & completed operations, as applicable.)	\$1,000,000 per occurrence for bodily injury, personal injury and property damage. If Commercial General Liability Insurance or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to this Project/location or the general aggregate limit shall be twice the required occurrence
---	---

limit.

Automobile Liability:	\$1,000,000 combined single limit per accident for bodily injury and property damage.
Employer's Liability:	\$1,000,000 per accident for bodily injury or disease.
Professional Liability:	\$1,000,000 per occurrence and annual aggregate.

3. Deductibles and Self-Insured Retentions

Any deductibles or self-insured retentions applying to General Liability and Automobile Liability must be declared to and approved by Authority. At the option of Authority, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects Authority, its officers, officials, employees and volunteers; or Contractor shall provide a financial guarantee satisfactory to Authority guaranteeing payment of losses and related investigations, claim administration and defense expenses.

- a. Commercial general liability and automobile liability policies are to contain, or be endorsed to contain, the following provisions:
 - i. The Authority, its officers, agents, officials, employees and volunteers are to be added as additional insured's to the Contractor's general liability policy as respects for liability arising out of work or operations performed by or on behalf of Contractor. The Contractor must evidence an additional insured endorsement along with the certificate of insurance indicating the Authority has been added as an additional insured. For the Contractor's automobile liability policy, the definition of "who is an insured" must include entities from which the Contractor is working for as additional insureds.
 - ii. For any claims related to this Project, Contractor's insurance coverage shall be primary insurance as respects Authority, its officers, officials, employees and volunteers. Any insurance or self-insurance maintained by Authority, its officers, officials, employees or volunteers shall be excess of Contractor's insurance and shall not contribute with it.
 - iii. Each insurance policy required by this clause shall be endorsed to state that coverage shall not be canceled by either party, except after thirty (30) days' prior written notice by U.S. mail.
- b. The workers' compensation and employer's liability policy shall be endorsed to contain the following provisions:

- i. The insurer waives any right of recovery the insurer may have against Authority, its officers, officials, employees and volunteers because of payments the insurer makes for injury or damage arising out of the work done under Agreement with Authority.
- ii. Verification of Coverage: Contractor shall furnish Authority with original certificates and all related endorsements as required in this section. All certificates and endorsements are to be received and approved by Authority before work commences. Authority reserves the right to require complete, certified copies of all required insurance policies, including endorsements affecting the coverage required by these specifications at any time.
- c. Insurance companies issuing any of the policies required by these provisions shall have an AM Best Key Rating Guide rating of "A-" or better and a financial size category rating of "VII" or better. Any other rating classification requires Authority approval.
- d. Contractor shall ensure that all Subcontractors procure insurance meeting the requirements of these provisions.
- e. Authority Remedies: Should Contractor fail to keep the insurance required to be carried by these provisions in full force and effect at all times, Authority, may, in its sole discretion, terminate this Agreement.

J. COMPUTER SOFTWARE USE

Contractor certifies that it has appropriate systems and controls in place to ensure that Authority funds will not be used in the performance of this Agreement for the acquisition, operation or maintenance of computer software in violation of copyright laws.

RFP No.: HSR 14-32 - INITIAL RELEASE - 05/27/2015

EXHIBIT E: ADDITIONAL PROVISIONS**1 INDEMNIFICATION**

- 1.1 Contractor agrees to indemnify, defend, and hold harmless the Authority, its officers, agents and employees from any and all claims, demands, costs, or liability arising from or connected with the professional services provided hereunder due to negligent or intentional acts, errors or omissions of the Contractor. The Contractor will reimburse the Authority for any expenditure, including reasonable attorney fees incurred by the Authority in defending against claims ultimately determined to be due to negligent or intentional acts, errors or omissions of the Contractor.
- 1.2 This provision is in addition to the Indemnification requirements contained in the GTC-610. If this provision conflicts with the GTC-610, the terms of the GTC-610 control over the terms of this clause.

2 EVALUATION OF THE CONTRACTOR

- 2.1 An evaluation of the Contractor's performance will be performed whenever the Authority deems it appropriate to do so. A copy of the evaluation will be sent to the Contractor for comment. The evaluation, together with the comments, shall be retained by the Authority.

3 OWNERSHIP OF DATA

- 3.1 During the term of this Agreement and upon completion of any and all work under this Agreement, all intellectual property rights, ownership and title to all report, documents, plans, specifications, electronic documents and estimates produced as part of this Agreement will automatically be vested in the Authority and no further agreement will be necessary to transfer ownership to the Authority. The Contractor shall furnish the Authority all necessary copies of data needed to complete the review and approval process.
- 3.2 The Authority agrees to make no demand on the Contractor for responsibility for the Authority's use of such materials for any other Authority work which is not the subject of an agreement between the Authority and the Contractor for such use.
- 3.3 The Authority does not assume any obligation to employ the Contractor's services or pay Contractor any payments, fees, or royalties of any type as to future programs which may result from the services performed under this Contract.
- 3.4 Contractor acknowledges that all written correspondence, exhibits, photographs, reports, printed material, tapes, electronic disks, and other graphic and visual aids submitted to the Authority during the procurement process, excluding only the EPDs, are, upon their receipt by the Authority, the property of the Authority and are subject to the California Public Records Act (Chapter 3.5, commencing with Section 6250, of Division 7 of Title I of the Government Code).

4 LEGAL NOTICE

- 4.1 This clause is not intended to apply to normal, daily communication between the parties related to the progress of work. This clause applies to situations where notice is required to be given by the Agreement or the parties are asserting their legal rights and remedies.
- 4.2 Any communication, notice, or demand of any kind whatsoever which any party may be required or may desire to give or serve upon another must be in writing and delivered by personal service (including express or courier service) or by registered or certified mail, postage prepaid, return receipt requested, or by a nationally recognized overnight delivery service, in each case addressed as follows.

Contractor: Name Title Company Address Telephone	Authority: Thomas Fellenz, Chief Counsel California High-Speed Rail Authority 770 L Street, Suite 620 MS1 Sacramento, CA 95814 Telephone: (916) 324-1541
--	--

- 4.3 The project representatives identified in Exhibit A shall be notified via email when a notice is sent.
- 4.4 Notice shall be effective when received, unless a legal holiday for the State commences on the date of attempted delivery. In such cases, the effective date shall be postponed until the next business day.

5 LICENSES AND PERMITS

- 5.1 The Contractor shall be an individual or firm licensed to do business in California and shall obtain at its sole expense all license(s) and permit(s) required by law for accomplishing any work required in connection with this Contract.

6 INSURANCE

Without limiting the Contractor's indemnification of the Authority, and prior to commencement of the Work, the Contractor shall obtain, provide and maintain at its own expense during the term of this Agreement, policies of insurance of the type and amounts described below and in a form satisfactory to the Authority.

- 6.1 Workers' Compensation Insurance: The Contractor shall maintain Workers' Compensation Insurance (Statutory Limits) and Employer's Liability Insurance (with limits of at least \$1,000,000).
- 6.2 General Liability Insurance: The Contractor shall maintain commercial general liability insurance with coverage at least as broad as Insurance Services Office form CG 00 01, in an amount not less than \$1,000,000 per occurrence and \$1,000,000 general aggregate, for bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability. Limits may be achieved by any combination of primary and excess or umbrella liability insurance.

- 6.3 Automobile Liability Insurance: The Contractor shall maintain automobile insurance at least as broad as Insurance Services Office form CA 00 01 covering bodily injury and property damage for all activities of the Contractor arising out of or in connection with the Work to be performed under this Agreement, including coverage for any owned, hired, non-owned or rented vehicles, in an amount not less than \$1,000,000 combined single limit for each accident. Limits may be achieved by any combination of primary and excess or umbrella liability insurance.
- 6.4 Professional Liability (Errors & Omissions) Insurance: The Contractor shall maintain professional liability insurance that covers the Work to be performed in connection with this Agreement, in the minimum amount of \$5,000,000 per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this agreement.
- 6.5 Proof of Insurance: The Contractor shall provide certificates of insurance to the Authority as evidence of the insurance coverage required herein, along with a waiver of subrogation endorsement for workers' compensation. All insurance policies, certificates and endorsements must be approved by the ACM prior to commencement of work. Current certification of insurance shall be kept on file with Authority at all times during the term of this contract. The Authority reserves the right to require complete, certified copies of all required insurance policies, at any time.
- 6.6 Duration of Coverage: The Contractor shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property, which may arise from or in connection with the performance of the Work hereunder by the Contractor, his agents, representatives, employees or subcontractors. The Contractor agrees to maintain professional liability insurance for a period of no less than three years after completion of the work.
- 6.7 Authority's Rights of Enforcement: In the event any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, the Authority has the right but not the duty to obtain the insurance it deems necessary and any premium paid by the Authority will be promptly reimbursed by the Contractor or the Authority will withhold amounts sufficient to pay premium from the Contractor's payments. In the alternative, the Authority may cancel this Agreement.
- 6.8 Acceptable Insurers: All insurance policies shall be issued by an insurance company currently authorized by the Insurance Commissioner to transact the business of insurance in the State of California, with an assigned policyholders' Rating of A- (or higher) and Financial Size Category Class VI (or larger) in accordance with the latest edition of Best's Key Rating Guide, unless otherwise approved by the ACM.

- 6.9 Waiver of Subrogation: Workers' compensation insurance policies must be endorsed to waive the insurer's right of subrogation. All other insurance coverage maintained or procured pursuant to this agreement, except for professional liability, shall specifically allow the Contractor or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss or, in the alternative, shall be endorsed to waive subrogation against the Authority, its elected or appointed officers, agents, officials, employees and volunteers. The Contractor hereby waives its own right of recovery against the Authority, and shall require similar written express waivers and insurance clauses from each of its subcontractors.
- 6.10 Enforcement of Contract Provisions (non-estoppel): The Contractor acknowledges and agrees that any actual or alleged failure on the part of the Authority to inform the Contractor of non-compliance with any requirement imposes no additional obligations on the Authority nor does it waive any rights hereunder.
- 6.11 Requirements Not Limiting: Requirements of specific coverage features or limits contained in this Section are not intended as a limitation on coverage, limits or other requirements, or a waiver of any coverage normally provided by any insurance. Specific reference to a given coverage feature is for purposes of clarification only as it pertains to a given issue and is not intended by any party or insured to be all inclusive, or to the exclusion of other coverage, or a waiver of any type. All insurance coverage and limits provided by the Contractor and available or applicable to this Agreement are intended to apply to the full extent of the policies. Nothing contained in this Agreement limits the application of such insurance coverage.
- 6.12 Notice of Cancellation: The Contractor agrees to oblige its insurance agent or broker and insurers to provide to the Authority with thirty (30) days notice of cancellation (except for nonpayment, for which ten (10) days notice is required) or nonrenewal of coverage for each required coverage.
- 6.13 Additional Insured Status: General liability policies shall provide or be endorsed to provide the Authority and its officers, officials, employees, and agents shall be additional insureds under such policies. This provision shall also apply to any excess liability policies.
- 6.14 Self-Insured Retentions: Any self-insured retentions must be declared to and approved by the Authority. The Authority reserves the right to require that self-insured retentions be eliminated, lowered, or replaced by a deductible. Self-insurance will not be considered to comply with these specifications unless approved by the Authority.
- 6.15 Timely Notice of Claims: The Contractor shall give the Authority prompt and timely notice of claims made or suits instituted that arise out of or result from the Contractor's performance, and that involve or may involve coverage under any of the required liability policies.

- 6.16 Additional Insurance: The Contractor shall also procure and maintain, at its own cost and expense, any additional kinds of insurance, which in its own judgment may be necessary for its proper protection and performance of the Work.
- 6.17 Subcontractors: To the extent that the Contractor engages the services of subcontractors, the Contractor agrees to require the same insurance as required of the Contractor, except as to limits. The limits for subcontractors shall be no more than \$1,000,000 in coverage on insurance for which a limit is specified above.

7 CONTINGENT FEE

- 7.1 The Contractor warrants by execution of this Contract, that no person or selling agency has been employed or retained to solicit or secure this Contract upon contract or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business. For breach or violation of this warranty, the State shall, in addition to other remedies provided by law, have the right to annul this Contract without liability, paying only for the value of the work actually performed, or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee.

EXHIBIT F: SUPPLEMENTAL TERMS AND CONDITIONS**1 FEDERAL REQUIREMENTS**

The Contractor understands that the Authority has received federal funding from the federal Railroad Administration (FRA) for the Project and acknowledges that it is required to comply with all applicable federal laws, regulations, policies and related administrative practices, whether or not they are specifically referenced herein. The Contractor acknowledges that federal laws, regulations policies and related administrative practices may change and that such changed requirements shall apply to the Project. The Contractor shall ensure compliance by its subcontractors and include appropriate flow down provisions in each of its lower-tier subcontracts as required by applicable federal laws, regulations, policies and related administrative practices whether or not specifically referenced herein.

Notwithstanding anything to the contrary contained in this Agreement, all FRA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any Authority requests that may cause the Authority to be in violation of FRA requirements.

2 COMPLIANCE WITH FEDERAL REQUIREMENTS

The Contractor's failure to comply with Federal Requirements shall constitute a breach of this Agreement.

3 FEDERAL PROCUREMENT STANDARDS

The Contractor agrees to comply with the Procurement Standards requirements set forth at 49 C.F.R. § 18.36 or 49 C.F.R. §§ 19.40 through 19.48 inclusive, whichever may be applicable, and with applicable supplementary U.S. DOT or FRA directives or regulations. If determined necessary for proper Project administration, the FRA reserves the right to review the Contractor's technical specifications and requirements.

4 FEDERAL LOBBYING ACTIVITIES CERTIFICATION

The Contractor certifies, to the best of its knowledge and belief, that:

- 4.1 No state or federal appropriated funds have been paid or will be paid, by or on behalf of the Contractor, to any person for influencing or attempting to influence an officer or employee of any state or federal agency, a member of the State Legislature or United States Congress, an officer or employee of the Legislature or Congress, or any employee of a Member of the Legislature or Congress in connection with the awarding of any State or federal Agreement, the making of any State or federal grant, the making of any State or federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any State or federal agreement, grant, loan or cooperative agreement.

- 4.2 If any funds other than federal appropriate funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency, a member of Congress in connection with the federal agreement, grant, loan or cooperative agreement, the Contractor shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
- 4.3 This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. § 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each failure.
- 4.4 The Contractor also agrees that by signing this document, it shall require that the language of this certification be included in all lower tier subcontracts, which exceed \$100,000, and that all such subcontractors shall certify and disclose accordingly.

5 DEBARMENT AND SUSPENSION

This Agreement is a covered transaction for purposes of 2 C.F.R. Part 1200. As such, the Contractor is required to comply with applicable provisions of Executive Orders Nos. 12549 and 12689; "Debarment and Suspension," 31 U.S.C. § 6101 note; and U.S. DOT regulations, "Non-procurement Suspension and Debarment," 2 C.F.R. Part 1200, which adopt and supplement the provisions of U.S. Office of Management and Budget (U.S. OMB) "Guidelines to Agencies to Government-wide Debarment and Suspension (Non-procurement)," 2 C.F.R. Part 180.

To the extent required by the aforementioned U.S. DOT regulations and U.S. OMB guidance, the Contractor must verify that each subcontractor is not excluded or disqualified in accordance with said regulations by reviewing the "Excluded Parties Listing System" at <http://epls.gov/>. The Contractor shall obtain appropriate certifications from each such subcontractor and provide such certifications to the Authority.

The Contractor's signature affixed herein shall also constitute a certification under penalty of perjury under the laws of the State of California that the Contractor or any person associated therewith in the capacity of owner, partner, director, officer, or manager:

1. Is not currently under suspension, debarment, voluntary exclusion, or determination of ineligibility by an federal agency;
2. Have not had one or more public transactions (federal, state, or local) terminated within the preceding three years for cause or default;
3. Have not been convicted within the preceding three years of any of the offenses listed in 2 C.F.R. Part 180.00(a) or had a civil judgment rendered against it for one of those offenses within that time period; and

4. Are not presently indicted for or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses listed in 2 C.F.R. Part 180.800(a).

Should the Contractor or any subcontractor become excluded or disqualified as defined in this section during the life of the Agreement, the Contractor shall immediately inform the Authority of this exclusion or disqualification.

The Contractor shall include a term or condition in the contract documents for each lower tier covered transaction, assuring that to the extent required by the U.S. DOT regulations and U.S. OMB guidance, each subcontractor will review the "Excluded Parties Listing System," will obtain certifications from lower-tier subcontractors, and will include a similar term or condition in each of its lower-tier covered transactions.

6 SAFETY OVERSIGHT

To the extent applicable, the Contractor agrees to comply with any federal regulations, laws, or policies and other guidance that FRA or U.S. DOT may issue pertaining to safety oversight in general, and in the performance of this Agreement in particular.

7 ENVIRONMENTAL PROTECTION

The Contractor and any subcontractors under this Agreement shall comply with all applicable environmental requirements and regulations, including any amendments as follows:

- 7.1 Clean Air: The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. §§ 7401 *et seq.* The Contractor agrees to report each violation to the Authority, and understands and agrees that the Authority shall, in turn, report each violation as required to assure notification to the FRA and the appropriate Environmental Protection Agency Regional Office.
- 7.2 Clean Water: The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 *et seq.* The Contractor agrees to report each violation to the Authority, and understands and agrees that the Authority shall, in turn, report each violation as required to assure notification to the FRA and the appropriate EPA Regional Office.
- 7.3 Energy Conservation: The Contractor agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the State energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6421 *et seq.*).

- 7.4 Agreement Not To Use Violating Facilities: The Contractor agrees not to use any facility to perform work hereunder that is listed on the List of Violating Facilities maintained by the EPA. The Contractor shall promptly notify the Authority if the Contractor or any subcontractor receives any communication from the EPA indicating that any facility which will be used to perform work pursuant to this Agreement is under consideration to be listed on the EPA's List of Violating Facilities; provided, however, that the Contractor's duty of notification hereunder shall extend only to those communications of which it is aware, or should reasonably have been aware.
- 7.5 Environmental Protection: The Contractor shall comply with all applicable requirements of the National Environmental Policy Act of 1969, as amended, 42 U.S.C. §§ 4321 *et seq.*
- 7.6 Incorporation of Provisions: The Contractor shall include the above provisions (A) through (F) in every subcontract hereunder exceeding \$50,000 financed in whole or in part with federal assistance provided by the FRA.

8 CIVIL RIGHTS

The following requirements apply to this Agreement:

- 8.1 Nondiscrimination: In accordance with Title VI of the Civil Rights Act, as amended, 42 U.S.C. § 2000d; Section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102; Section 202 of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12132; and 49 U.S.C. § 306, the Contractor agrees that it will not discriminate against any individual because of race, color, religion, national origin, sex, age or disability in any activities leading up to or in performance of this Agreement. In addition, the Contractor agrees to comply with applicable federal implementing regulations and other implementing requirements that FRA may issue.
- 8.2 Equal Employment Opportunity: The following equal employment opportunity requirements apply to this Agreement:

- a. Race, Color, Religion, National Origin, Sex: In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e, the Contractor agrees to comply with all applicable equal opportunity requirements of the U.S. Department of Labor (U.S. DOL) regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," including 41 C.F.R. § 60, *et seq.*, (which implements Executive Order No. 11246, "Equal Employment Opportunity," as amended by Executive Order No. 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," 42 U.S.C. § 2000e note), and with any applicable Federal statutes, executive orders, regulations, and federal policies that may in the future affect construction activities undertaken in this court of the Project. The Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, national origin, sex, or age. Such action shall include the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff, or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, the Contractor agrees to comply with any implementing requirements FRA may issue.
- b. Age: In accordance with Section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102, the Contractor agrees to refrain from discriminating against present and prospective employees for reason of age. In addition, the Contractor agrees to comply with any implementing requirements FRA may issue.
- c. Disabilities: In accordance with Section 102 of the Americans with Disabilities Act, as amended, 42 U.S.C. § 12112, the Contractor agrees that it will comply with the requirements of U.S. Equal Employment Opportunity Commission, "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act," 29 C.F.R. Part 1630, pertaining to employment of persons with disabilities. Further, in accordance with Section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, the Contractor also agrees that it will comply with the requirements of U.S. DOT, "Nondiscrimination on the Basis of Disability in Programs or Activities Receiving Federal Financial Assistance," 49 C.F.R. Part 27, pertaining to persons with disabilities. In addition, the Contractor agrees to comply with any implementing requirements FRA may issue.

The Contractor also agrees not to discriminate on the basis of drug abuse, in accordance with the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, alcohol abuse in accordance with the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, and to comply with Sections 523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§ 290 dd-2, 290 dd-3, and 290 ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records. In addition, the Contractor agrees to comply with applicable federal implementing regulations and other implementing requirements that FRA may issue.

The Contractor also agrees to include these requirements in each subcontract financed in whole or in part with federal assistance provided by the FRA, modified only if necessary to identify the affected parties.

9 ARRA-FUNDED PROJECT

Funding for this contract has been provided through the American Recovery and Reinvestment Act (ARRA) of 2009, Pub. L. 111-5. All contractors, including both prime and subcontractors, are subject to audit by appropriate federal or State of California (State) entities. The State has the right to cancel, terminate, or suspend the contract if any contractor or subcontractor fails to comply with the reporting and operational requirements contained herein.

10 ENFORCEABILITY

Contractor agrees that if Contractor or one of its subcontractors fails to comply with all applicable federal and State requirements governing the use of ARRA funds, the State may withhold or suspend, in whole or in part, funds awarded under the program, or recover misspent funds following an audit. This provision is in addition to all other remedies available to the State under all applicable State and federal laws.

11 PROHIBITION ON USE OF ARRA FUNDS

Contractor agrees in accordance with ARRA, Provision 1604, that none of the funds made available under this contract may be used for any casino or other gambling establishment, aquarium, zoo, golf course, or swimming pools.

12 REQUIRED USE OF AMERICAN IRON, STEEL AND OTHER MANUFACTURED GOODS

The Contractor agrees that in accordance with the Passenger Rail Investment and Improvement Act (PRIIA) of 2008, 49 C.F.R. § 24405(a), which provides that federal funds may not be obligated unless steel, iron, and manufactured products used in FRA-funded projects are produced in the United States, unless a waiver has been granted by the U.S. Secretary of Transportation. For more information on the FRA's Buy America requirements and processes please see FRA's Answers to Frequently Ask Questions (FAQ) available at, <http://www.fra.dot.gov/Page/P0391>.

Should the Contractor fail to demonstrate compliance with 49 U.S.C. § 24405(a) and a waiver has not been granted, the Contractor must take the necessary steps in order to achieve compliance, at no cost to the Authority. The Contractor's failure to comply with this provision shall be a material breach of this Agreement.

If evidence indicates noncompliance with Buy America requirements, the Authority will initiate an investigation. The FRA may also initiate its own investigation. The Contractor shall have the burden of proof to establish compliance. If the Contractor fails to demonstrate compliance, then the Contractor shall substitute sufficient domestic materials without revision of the Agreement terms. Failure to comply with the provisions of this clause may lead to the initiation of debarment proceedings pursuant to 49 C.F.R. Part 29.

Where the Contractor is unable to certify that it will meet the Buy America requirements and believes it may qualify, pursuant to 49 U.S.C. § 24405(a)(2) for a waiver from the Buy America requirements set forth therein, the Contractor must submit to the Authority a written justification detailing the reasons it believes it meets the particular waiver exception(s). At a minimum, the Contractor's written waiver request justification shall contain:

- i. A description of the project;
- ii. A description of the steel, iron, or manufactured goods not meeting the Buy America requirement;
- iii. A description of the percentage of U.S. content in the steel, iron or manufactured goods, as applicable;
- iv. A description of the efforts made to secure the Buy America compliant steel, iron or manufactured goods;
- v. A description of the bidding process used in the procurement (e.g., whether open or closed, how many bids were received, were any compliant products offered in competing bids);
- vi. If a waiver request is based on price, cost differential(s) that would be incurred in order to secure compliant Buy American steel, iron or manufactured goods;
- vii. Citation to specific waiver categories in 49 U.S.C. § 24405(a)(2) under which the waiver is sought;
- viii. Justification supporting the application of the waiver categories cited; and
- ix. Contact information for the responsible party.

13 ACCESS AND INSPECTION OF RECORDS

- A. In accordance with ARRA Sections 902, 1514, and 1515, the Contractor agrees that it shall permit the State of California, the United States Comptroller General, the United States Department of Transportation Secretary, or their representatives or the appropriate Inspector General appointed under Section 3 or 8G of the United States Inspector General Act of 1978 or his representative to:
 - i. Access and reproduce any books, documents, papers and records of the Contractor that directly pertain to, and involve transactions relating to, this Agreement for the purposes of making audits, examinations, excerpts and transcriptions; and
 - ii. Interview any officer or employee of the Contractor or any of its subcontractors regarding the activities funded with funds appropriated or otherwise made available by ARRA.

- B. Pursuant to 49 C.F.R. § 18.26(i)(11), 49 C.F.R. § 19.26, or A-133 (whichever applicable), the Contractor agrees to maintain all books, records, accounts and reports required under this Agreement for a period of not less than three years after the date of termination or expiration of this Agreement, except in the event of litigation or settlement of claims arising from the performance of this contract, in which case the Contractor agrees to maintain same until the Authority, the FRA Administrator, the Comptroller General, or any of their duly authorized representatives have disposed of all such litigation, appeals, claims or exceptions related thereto. The Contractor shall notify the Authority not less than six months prior to disposal of any books, records accounts and reports required under this Agreement.
- C. The Contractor agrees to comply with, and assures the compliance of its employees with, the information restrictions and other applicable requirements of the Privacy Act of 1974, 5 U.S.C. § 522(a).

The Contractor shall include this provision in all lower tier subcontracts.

14 WHISTLEBLOWER PROTECTION

Contractor agrees that both it and its subcontractors shall comply with Section 1553 of the ARRA, which prohibits all non-federal Contractors, including the State, and all contractors of the State, from discharging, demoting or otherwise discriminating against an employee for disclosures by the employee that the employee reasonably believes are evidence of any of the following:

- A. Gross mismanagement of a contract relating to ARRA funds
- B. A gross waste of ARRA funds
- C. A substantial and specific danger to public health or safety related to the implementation or use of ARRA funds
- D. An abuse of authority related to implementation or use of ARRA funds
- E. A violation of law, rule, or regulation related to an agency contract (including the competition for or negotiation of a contract) awarded or issued relating to ARRA funds.

Contractor agrees that it and its subcontractors shall post notice of the rights and remedies available to employees under Section 1553 of Title XV of Division A of the ARRA.

15 FRAUD AND FALSE CLAIMS ACT

Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986 (6 C.F.R. 13), as amended, 31 U.S.C. § 3801, et seq., the U.S. DOT regulations Program Fraud Civil Remedies (49 C.F.R. Part 31), apply to its actions pertaining to this Project. Upon execution of the underlying Contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying Contract or the FRA assisted project for which this Contract Work is being performed under this Agreement. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes or causes to be made, a false, fictitious or fraudulent claim, statement, submission, or certification, the federal government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 as cited above on the Contractor to the extent of the Federal Government deems appropriate.

Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the federal government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FRA, the federal government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307 (n)(1) on the Contractor, to the extent the Federal Government deems appropriate.

Contractor agrees that it shall promptly notify the Authority and shall refer to an appropriate federal inspector general any credible evidence that a principal, employee, agent, subcontractor or other person has committed a false claim under the False Claims Act or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving ARRA funds.

The Contractor agrees to include the above paragraphs in each subcontract financed in whole or in part with Federal assistance provided by the FRA. It is further agreed that the paragraphs shall not be modified, except to identify the subcontractor who will be subject to the provisions.

16 CARGO PREFERENCE

As required by 46 C.F.R. Part 381, the Contractor agrees to the following:

- 16.1 To use privately owned United States-flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, materials, or commodities pursuant to this Agreement, to the extent such vessels are available at fair and reasonable rates for United States-flag commercial vessels.

16.2 To furnish within 20 Working Days following the date of loading for shipments originating within the United States, or within 30 Working Days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in Part A of this section. This bill-of-lading shall be furnished to the Authority (through the Contractor in the case of a subcontractor's bill-of-lading) and to the Division of National Cargo and Domestic Trade, Maritime Administration, 1200 New Jersey Ave SE, Washington, D.C. 20590, marked with appropriate identification of the Project.

16.3 To include these requirements in all subcontracts issued pursuant to this Agreement when the subcontract may involve the transport of equipment, material, or commodities by ocean vessel.

17 REPORTING REQUIREMENTS

Contractor agrees, if requested by the Authority in writing, to provide the Authority with the following information:

17.1 The total amount of funds received by the Contractor during the time period defined in the Authority's request;

17.2 The amount of funds actually expended or obligated during the time period requested;

17.3 A detailed list of all projects or activities for which funds were expended or obligated, including:

- i. The name of the project or activity;
- ii. A description of the project activity;
- iii. An evaluation of the completion status of the project or activity; and
- iv. An estimate of the number of jobs created and/or retained by the project or activity.

17.4 For any contracts or subcontracts equal to or greater than \$25,000:

- i. The name of the entity receiving the contract;
- ii. The amount of the contract;
- iii. The transaction type;
- iv. The North American Industry Classification System (NAICS) code or Catalog of Federal Domestic Assistance (CFDA) number, if known;
- v. The location of the entity receiving the contract;
- vi. The primary location of the contract, including city, state, congressional district, and county;
- vii. The DUNS number, or name and zip code for the entity headquarters, if known;

- viii. A unique identifier of the entity receiving the contract and the parent entity of Contractor, should the entity be owned by another; and
- ix. The names and total compensation of the five most highly compensated officers of the company if received:
 - 80% or more of its annual gross revenues in Federal awards;
 - \$25,000,000 or more in annual gross revenue from Federal awards and;
 - If the public does not have access to information about the compensation of senior executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 or section 6104 of Internal Revenue Code of 1986;

17.5 Any other information reasonably requested by the State of California or required by state or federal law or regulation.

Standard data elements and federal instruction for use in complying with reporting requirements under Section 1512 of the ARRA, are pending review by the federal government, and were published in the Federal Register on April 1, 2009 [74 FR 14824], and are to be provided online at www.FederalRegister.gov. The additional requirements will be added to this Agreement by amendment.

18 REPRINTS OF PUBLICATIONS

Whenever an employee of a Contractor-Related Entity writes an article regarding the Project or otherwise resulting from work under this Agreement that is published in a scientific, technical, or professional journal or publication, the Contractor shall ensure that the Authority is sent two reprints of the publication, clearly referenced with the appropriate identifying information.

An acknowledgment of FRA support and a disclaimer must appear in any publication, whether copyrighted or not, based on or developed under the Agreement, in the following terms:

“This material is based upon work supported by the Federal Railroad Administration under a grant/cooperative agreement FR-HSR-0009-10-01-05, dated December 5, 2012. Any opinions, findings, and conclusions or recommendations expressed in this publication are those of the author(s) and do not necessarily reflect the view of the Federal Railroad Administration and/or U.S. DOT.”

19 FLY AMERICA

No travel costs are authorized under this Agreement.

20 SMALL BUSINESS/DISADVANTAGED BUSINESS ENTERPRISES

The Authority encourages the Contractor to utilize small business concerns owned and controlled by socially and economically disadvantaged individuals, also known as Disadvantaged Business Enterprises (DBE), in carrying out the contract. The Authority has established a Revised Small and Disadvantaged Business Enterprise (SB/DBE) Program for Professional Services Contracts, and an overall 30 percent goal for small business utilization, to include within the 30 percent goal, a ten percent goal for DBE and 3 percent Disabled Veteran Business Enterprise (DVBE) in the Authority's contracting and procurement program. The SB/DBE Program is in compliance with the Best Practices of 49 C.F.R. Part 26, Executive Order S-02-06, Military and Veterans Code 999 and Title VI of the Civil Rights Act of 1964 and related statutes.

The Authority has established a 30 percent Small Business (SB) goal as described above. The Contractor is expected to make efforts to meet the goal and provide a SB Performance Plan on how the goal will be met throughout the duration of this Agreement. For more detailed information regarding what components should be in the SB Performance Plan see the Revised SB/DBE Program for Professional Services Contracts. The Authority's SB/DBE Program requirements, including the SB Performance Plan expectations, SB utilization reporting, Substitution/Termination processes, Prompt Payment Provisions, Recognized SB Roster of Certifying Agencies, and other performance related factors, are included in the Authority's Revised Small and Disadvantaged Business Enterprise Program for Professional Services Contracts – August 2012. The document is on the Authority's Small Business web page:

http://www.hsr.ca.gov/Programs/Small_Business/index.html

The Contractor shall also comply with 41 C.F.R. Part 60, Best Practices of 49 C.F.R. Part 26, Executive Order 11246 and Title VI of the Civil Rights Act of 1964 and related statutes.

21 PATENT RIGHTS

- 21.1 If any invention, improvement, or discovery of the Contractor or any of its third party contractors is conceived or first actually reduced to practice in the course of or under this Project, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the Contractor agrees to notify the Authority immediately and provide a detailed report. The rights and responsibilities of the FRA, third party contractors, and the Authority with respect to such invention, improvement, or discovery will be determined in accordance with applicable Federal laws, regulations, policies, or any waiver thereof.
- 21.2 If the Contractor secured a patent with respect to any invention, improvement, or discovery of the Contractor or any of its third party contractors or first actually reduced to practice in the course of or under this Project, the Contractor agrees to grant the FRA a royalty-free, non-exclusive, and irrevocable license to use and authorize others to use the patented device or process for federal government purposes.

- 21.3 The Contractor agrees to include the requirements of the “Patent Rights” section of this Agreement in its third party contracts for planning, research, development, or demonstration under this Project.

22 RIGHTS IN DATA AND COPYRIGHT

- 22.1 The term “subject data” used in this section means recorded information, whether or not copyrighted, that is developed, delivered, or specified to be delivered under this Agreement. The term includes graphic or pictorial delineations in media such as drawings or photographs; text in specifications or related performance or design-type documents; machine forms such as punched cards, magnetic tape, or computer memory printouts; and information retained in computer memory. Examples include, but are not limited to: computer software, engineering drawings and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog item identifications, and related information. The term does not include financial reports, cost analyses, and similar information incidental to Project administration.
- 22.2 The following restrictions apply to all subject data first produced in the performance of this Agreement:
- i. Except for its own internal use, the Contractor may not publish or reproduce such data in whole or in part, or in any manner or form, nor may the Contractor authorize others to do so, without the written consent of the FRA, until such time as the FRA may have either released or approved the release of such data to the public; this restriction on publication, however, does not apply to grant agreements with academic institutions.
 - ii. As authorized by 49 C.F.R. § 18.34, or 49 C.F.R. § 19.36, as applicable, FRA reserves a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or other use, and to authorize others to use, for Federal Government purposes:
 - a. Any work developed under a grant, cooperative agreement, sub-grant, sub-agreement, or other third party contract, irrespective of whether or not a copyright has been obtained; and
 - b. Any rights of copyright to which a Grantee, subgrantee, or a third party contractor purchases ownership with federal assistance.

- 21.3 When the FRA provides assistance for a Project involving planning, research, or development, it is generally FRA's intent to increase the body of knowledge, rather than to limit the benefits of the Project to those parties that have participated therein. Therefore, unless FRA determines otherwise, the Contractor understands and agrees that, in addition to the rights set forth in preceding portions of this section of this Agreement, FRA may make available to any FRA Grantee, subgrantee, third party contractor, or third party subcontractor, either FRA's license in the copyright to the "subject data" derived under this Agreement or a copy of the "subject data" first produced under this Agreement. In the event that such a Project which is the subject of this Agreement is not completed, for any reason whatsoever, all data developed under that Project shall become subject data as defined herein and shall be delivered as FRA may direct.
- 21.4 To the extent permitted by State law, the Contractor agrees to indemnify, save and hold harmless FRA, its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use or disposition of any data furnished under this Agreement. The Contractor shall not be required to indemnify FRA for any such liability arising out of the wrongful acts of employees or agents of FRA.
- 21.5 The Contractor agrees to include the requirements of this section of this Agreement in its lower-tier sub-contracts for planning, research, development, or demonstration under the Project.

Cert. 7: Drug Free Workplace Program Certification

(This certification applies to construction work sites only.)

By submission of an offer, the Proposer certifies and agrees that, with respect to the Proposer and all employees of the Proposer to be utilized in the performance of any contract resulting from this solicitation, it will establish a drug-free workplace program that complies with the provisions of the Drug-Free Workplace Program clause of the General Provisions (Book I, Part B.2, Section 27).

Failure of the Proposer to have a drug-free workplace program that complies with this certification and the clause in the General Provisions, and which is available for Authority review and approval as part of the Authority's pre-award responsibility survey, will be deemed a lack of responsibility rendering the Proposer ineligible for award.

Cert. 9: Iran Contracting Certification

Section 2200 et seq. of the California Public Contract Code prohibits a person from submitting a proposal for a contract with a public entity for goods and services of \$1,000,000 or more if that person is identified on a list created by the Department of General Services (DGS) pursuant to Section 2203(b) of the California Public Contract Code. The list will include persons providing goods or services of \$20,000,000 or more in the energy sector of Iran and financial institutions that extend \$20,000,000 or more in credit to a person that will use the credit to provide goods or services in the energy sector in Iran. DGS is required to provide notification to each person that it intends to include on the list at least 90 days before adding the person to the list.

In accordance with Section 2204 of the California Public Contract Code, the undersigned hereby certifies that:

- It is not identified on a list created pursuant to Section 2203(b) of the California Public Contract Code as a person engaging in investment activities in Iran described in Section 2202.5(a), or as a person described in Section 2202.5(b), as applicable; or
- It is on such a list but has received permission pursuant to Section 2203(c) or (d) to submit a bid or proposal in response to this RFP HSR 13-57 Design-Build Services for Construction Package 4 of the Initial Construction Segment of the California High-Speed Rail Program.

Providing a false certification may result in civil penalties and sanctions.
